ABSTRACT

Before I write down the problem of why Allah only focuses on the maintenance of the Milky Way galaxy, even though there are still billions of billions of galaxies, which have been revealed to every sky, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of why Allah only focuses on the maintenance of the Milky Way galaxy, even though there are still billions of billions of galaxies, which have been revealed to every sky, based on Deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about why Allah only focuses on the Milky Way galaxy, even though there are still billions of billions of galaxies, which have been revealed to every sky, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the heavens near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Verily your Lord is Allah Who created the heavens and the earth in six days, then He resided above the 'Arsy. He closed the night to the day which followed quickly, and the sun, moon and stars submit to His command. Remember, creating and ruling is only Allah's right. Glory be to Allah, Lord of the worlds. (Al A'raaf: 7: 54)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to unmask Allah's secret about why Allah only concentrates care in the Milky Way galaxy, even though billions of billions of galaxies are still being revealed to every sky, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Allah only focuses on the maintenance of the Milky Way galaxy, even though there are still billions of billions of galaxies, which have been revealed to every sky,

because only on this earth Allah created all His creatures, with the availability of hydrogen atoms, oxygen atoms, nitrogen atoms and atoms. carbon, based on Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHAT ACTUALLY IS ALLAH'S REASON, ALLAH ONLY CONCENTRATES MAINTENANCE IN THE MILKY WAY GALAXY ONLY, EVEN THOUGH THERE ARE STILL 100 000 000 000 OTHER GALAXY AND ALLAH HAS REVEALED TO EVERY SKY

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"... We created the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21: 16)".. We have adorned the sky which is close to the stars...(Al Mulk: 67: 5)"...He reveals in each sky his affairs...(Fushshilat: 41:12)"...Allah is the One who created the heavens and the earth in six days, then He resided above the 'Arsy... (Al A'raaf: 7: 54)*

Apparently, here Allah has declared, that Allah only created *"... the skys and the earth... (Al Anbiyaa ': 21:16)* only, while in other galaxies, which are billions of billions, those in the sky 2 to sky 7, Allah only *"...reveals in every sky his affairs...(Fushshilat: 41:12)* just.

Now, the question arises,

Why does Allah only focus Allah's attention and thoughts on the earth and the stars in the Milky Way galaxy?

The answer is,

It is hidden in a secret that lies behind the verse: *"... Allah created the skys and the earth in six ages, then He resided on the 'Arsy... (Al A'raaf: 7: 54)*

Well, the key is in *"... 'Arsy...(Al A'raaf : 7: 54)*

Why is it in *"... 'Arsy...(Al A'raaf : 7: 54)?*

Because in the *"... 'Arsy... (Al A'raaf: 7: 54)* stored supplies of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, which are very important for the creation of all Allah's creatures and for human life and other creatures on this earth. Including for the survival of paradise and hell which is now running.

Meanwhile, in other places, in places where there are stars, about **150 100 000** stars in the Milky Way galaxy, including the sun where the earth and other planets revolve around the sun, there is no supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, such as those in *"... 'Arsy...(Al A'raaf : 7: 54)*

So, actually, why does Allah only focus Allah's attention and thoughts on *"...the skys and the earth... (Al A'raaf: 7: 54)* we are right now. Because indeed on this earth there is a supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, which are collected in the *"... 'Arsy...(Al A'raaf : 7: 54)*

BECAUSE IN OTHER GALAXY ALLAH DOES NOT PREPARE HYDROGEN ATOM, OXYGEN ATOM, CARBON ATOM AND NITROGEN ATOM LIKE THE PREPARATION IN THE SKY AND EARTH IN THIS MILKY WAY GALAXY

Well, now it's been revealed, the secret, why Allah only *"...reveals in each sky his affairs... (Fushshilat: 41:12)*. Because Allah did not prepare a supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. in other galaxies, such as those in *"... 'Arsy...(Al A'raaf : 7: 54)* for the necessities of life for all of Allah's creatures.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"... We created the skys and the earth and everything between them by playing around (Al Anbiyaa ': 21: 16)".. We have adorned the sky which is close to the stars...(Al Mulk: 67: 5)"...He reveals in each sky his affairs...(Fushshilat: 41:12)"...Allah is the One who created the heavens and the earth in six days, then He resided above the 'Arsy... (Al A'raaf: 7: 54)*

Apparently, here Allah has declared, that Allah only created *"... the skys and the earth... (Al Anbiyaa ': 21:16)* only, while in other galaxies, which are billions of billions, those in the sky 2 to sky 7, Allah only *"...reveals in every sky his affairs...(Fushshilat: 41:12)* just.

Now, the question arises,

Why does Allah only focus Allah's attention and thoughts on the earth and the stars in the Milky Way galaxy?

The answer is,

It is hidden in a secret that lies behind the verse: *"... Allah created the skys and the earth in six ages,*

then He resided on the 'Arsy... (Al A'raaf: 7: 54)

Well, the key is in “... 'Arsy...(Al A'raaf : 7: 54)

Why is it in “... 'Arsy...(Al A'raaf : 7: 54)?

Because in the “... 'Arsy... (Al A'raaf: 7: 54) stored supplies of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, which are very important for the creation of all Allah's creatures and for human life and other creatures on this earth. Including for the survival of paradise and hell which is now running.

Meanwhile, in other places, in places where there are stars, about **150 100 000** stars in the Milky Way galaxy, including the sun where the earth and other planets revolve around the sun, there is no supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, such as those in “... 'Arsy...(Al A'raaf : 7: 54)

So, actually, why does Allah only focus Allah's attention and thoughts on “...*the skys and the earth...* (Al A'raaf: 7: 54) we are right now. Because indeed on this earth there is a supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, which are collected in the “... 'Arsy...(Al A'raaf : 7: 54)

Well, now it's been revealed, the secret, why Allah only “...*reveals in each sky his affairs...* (Fushshilat: 41:12). Because Allah did not prepare a supply of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms. in other galaxies, such as those in “... 'Arsy...(Al A'raaf : 7: 54) for the necessities of life for all of Allah's creatures.
