ABSTRACT

Before the author writes the problem of why Allah reveals to every sky and to humans, while Allah is in the human body, first the author asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why Allah reveals to every sky and to humans, while Allah is in the human body, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that open Allah's secrets about why Allah reveals to every sky and to humans, while Allah is in the human body, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"Read in the name of your Lord Who created (Al 'Alaq: 96: 1) "He has created man from a clot of blood. (Al 'Alaq: 96: 2) "The one who teaches by means of kalam (Al 'Alaq: 96: 4)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"And verily We have created man from an essence of clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves." (Al An'aam: 6:9)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill (all My commands) and let them believe in Me. Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"And they ask you to hasten the punishment, even though Allah will never break His promise. Indeed, a day with your Lord is like a thousand years according to your reckoning. (Al Hajj: 22: 47)

"He arranges matters from the skys to the earth, then it ascends to Him in one day whose level is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"It is He who has made the earth a bed for you and the sky a roof, and He sends down water from the sky, then He produces with it all the fruit as sustenance for you; therefore do not establish partners with Allah, while you know. Al Baqarah : 2:22)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Wise, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And We made before them a wall and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about why Allah reveals to every sky and to humans, while Allah is in the human body, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes the hypothesis that Allah revealed to every sky and to humans, even though Allah is in the human body, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

WHY ALLAH REVEALS TO EVERY SKY AND TO HUMANS, WHILE ALLAH IS IN THE HUMAN BODY

Now, we are still concentrating on uncovering the secrets contained behind the verses: *"...He made it into the seven skys in two times. He revealed in each sky his matter... (Fushshilat: 41:12)" He manage matters from the skys to the earth, then it ascends to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

Apparently, here Allah has declared *"...regulate matter from skys to earth, then it rises to Him in one day whose level is a thousand years according to your calculations (As Sajdah: 32: 5)*

Now the question arises,

What exactly does Allah mean by *"...regulating matter from the skys to the earth, then it rises to Him... (As Sajdah: 32:5)* whereas Allah *"...is near...(Al Baqarah: 2: 186)"...wherever you turn there is the face of Allah...(Al Baqarah: 2: 115)?*

Well, the answer is hidden in the secret behind the verse: *"... in a day whose rate is a thousand years according to your calculations (As Sajdah: 32: 5)*

It turns out, even though Allah *"...is near...(Al Baqarah: 2:186)"...wherever you face there is the face of Allah...(Al Baqarah: 2: 115)*, but Allah follows Allah's law which takes place in the seven skys, meaning that whatever happens in the seven skys takes time, time according to Allah's reckoning and time according to human reckoning.

Well, when Allah will decide matter on earth, even though Allah is *"...is near... (Al Baqarah: 2: 186)*, but when the matter will be decided it takes time, if it is calculated according to Allah's calculation

1 second, then calculated according to human calculations is 4.2 days.

So, actually, if humans pray to Allah for a certain purpose, then if Allah grants them within 1 second, then the human prayer will be answered after 4.2 days.

This is the real secret of Allah's time and man's reckoning.

Likewise, when Allah *"...reveals in each sky his matter... (Fushshilat: 41:12)*, Allah takes time, which applies in the seven skys.

However, in terms of intercelestial affairs, that means within the seven skys there are about 100 000 000 000 galaxies. If you count the number of stars in it, you will find around 15 010 000 000 000 000 000 stars.

In the Milky Way galaxy alone, which is on the sky 1, there are about 1000 star clusters, each of which consists of 100 stars. And there are about 150 star clusters, each of which consists of 1000 000 stars. So, just now in the Milky Way galaxy there are already 150 100 000 stars, including the sun which the earth and other planets revolve around the sun.

Now, when Allah *"...reveals in every sky his matter... (Fushshilat: 41:12)*, then Allah using the calculation of the speed of light of Allah's particles, based on the basis of the law of time *"...a day whose content is fifty thousand years (Al Ma'aarij: 70:4)*

That is, 1 second according to Allah's time calculation is equal to 211.4 days or 7.05 months according to human time calculations.

Well, this is Allah's secret that most people still don't understand.

The time that Allah spends doing matter between galaxies is different from the time that Allah spends doing matter in the *"...near sky...(Fushshilat: 41:12)* above which there is the Milky Way galaxy.

If the time used for inter-sky matters, 1 second according to Allah's calculation is equal to 211.4 days or 7.05 months.

While the time used for matter in the *"...near sky... (Fushshilat: 41: 12)* above which there is the Milky Way galaxy, 1 second according to Allah's calculation is equal to 4.2 days according to human calculations.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verses: *"...He made it into the seven skys in two times. He revealed in each sky his matter... (Fushshilat: 41:12)" He manage matters from the skys to the earth, then it ascends to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)*

Apparently, here Allah has declared *"...regulate matter from skys to earth, then it rises to Him in one day whose level is a thousand years according to your calculations (As Sajdah: 32: 5)*

Now the question arises,

What exactly does Allah mean by *"...regulating matter from the skys to the earth, then it rises to Him... (As Sajdah: 32:5)* whereas Allah *"...is near...(Al Baqarah: 2: 186)"...wherever you turn there is the face*

of Allah...(Al Baqarah: 2: 115)?

Well, the answer is hidden in the secret behind the verse: *"... in a day whose rate is a thousand years according to your calculations (As Sajdah: 32: 5)*

It turns out, even though Allah *"...is near...(Al Baqarah: 2:186)"...wherever you face there is the face of Allah...(Al Baqarah: 2: 115)*, but Allah follows Allah's law which takes place in the seven skys, meaning that whatever happens in the seven skys takes time, time according to Allah's reckoning and time according to human reckoning.

Well, when Allah will decide matter on earth, even though Allah is *"...is near... (Al Baqarah: 2: 186)*, but when the matter will be decided it takes time, if it is calculated according to Allah's calculation 1 second, then calculated according to human calculations is 4.2 days.

So, actually, if humans pray to Allah for a certain purpose, then if Allah grants them within 1 second, then the human prayer will be answered after 4.2 days.

This is the real secret of Allah's time and man's reckoning.

Likewise, when Allah *"...reveals in each sky his matter... (Fushshilat: 41:12)*, Allah takes time, which applies in the seven skys.

However, in terms of intercelestial affairs, that means within the seven skys there are about 100 000 000 000 galaxies. If you count the number of stars in it, you will find around 15 010 000 000 000 000 000 stars.

In the Milky Way galaxy alone, which is on the sky 1, there are about 1000 star clusters, each of which consists of 100 stars. And there are about 150 star clusters, each of which consists of 1000 000 stars. So, just now in the Milky Way galaxy there are already 150 100 000 stars, including the sun which the earth and other planets revolve around the sun.

Now, when Allah *"...reveals in every sky his matter... (Fushshilat: 41:12)*, then Allah using the calculation of the speed of light of Allah's particles, based on the basis of the law of time *"...a day whose content is fifty thousand years (Al Ma'aarij: 70:4)*

That is, 1 second according to Allah's time calculation is equal to 211.4 days or 7.05 months according to human time calculations.

Well, this is Allah's secret that most people still don't understand.

The time that Allah spends doing matter between galaxies is different from the time that Allah spends doing matter in the *"...near sky...(Fushshilat: 41:12)* above which there is the Milky Way galaxy.

If the time used for inter-sky matters, 1 second according to Allah's calculation is equal to 211.4 days or 7.05 months.

While the time used for matter in the *"...near sky... (Fushshilat: 41: 12)* above which there is the Milky Way galaxy, 1 second according to Allah's calculation is equal to 4.2 days according to human calculations.
