ABSTRACT

Before the author writes the problem of why Allah says that Allah's spirits are in paradise and in hell, they are eternal, when in fact they are not eternal, first the writer asks forgiveness from Allah SWT. Here the author tries to open the veil that covers the secret of why Allah says Allah's spirits are in paradise and in hell, they are eternal, when in fact they are not, based on Deoxyribonucleic acid (DNA)

There are several verses that become Allah's secret unlocking tool about why Allah says that Allah's spirits are in paradise and in hell, they are eternal, when in fact they are not eternal, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign for the worlds. (Al Anbiyaa ': 21: 91)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when he asks Me, then let them fulfill and let them believe in Me, so that they will always be in truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"Angels and spirits descend with the permission of their Lord to manage all affairs (Al Qadr: 97: 4)

"And they ask you about the spirit. Say: "The spirit belongs to my Lord, and knowledge is not given to you but a little." (Al Israa ': 17: 85)

"Indeed, We have adorned the skys near the stars, and We have made the stars casters of the devil, and We have prepared for them the torment of a fiery hell. (Al Mulk: 67: 5)

"And We did not create the skys and the earth and everything between them by playing around (Al Anbiyaa': 21:16)

"So He made it seven skys in two periods. He revealed in each sky its affairs. And We adorn the near sky with bright stars and We take care of it as well as possible. Such is the provision of the Mighty, All-Knowing. (Fushshilat :41:12)

"So he put a veil from them; then We sent our spirit to him, and he appeared before him a perfect human being. (Maryam: 19:17)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"Allah created the skys and the earth with rights. Verily in that are the signs of Allah's power for the believers (Al 'Ankabuut: 29: 44)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises where rivers flow in them. forever. They will abide in it. That is a great victory. (At Taubah : 9: 100)

"Allah threatens the hypocrites, men and women, and the disbelievers, with Hellfire, they will abide in it forever. Hell is sufficient for them, and Allah has cursed them, and for them is an eternal punishment. (At Taubah: 9:68)

"Then both of them were derailed by the devil from heaven and brought out from their original state and We said: "Come down! some of you are enemies to others, and for you there is a place to live on earth, and the pleasures of living to an appointed time." (Al Baqarah: 2:36)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about why Allah says Allah's spirits are in paradise and in hell, they are eternal, when in fact they are not, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis that Allah says that Allah's spirit is in paradise and in hell, they are eternal, based on the calculation of the time humans live on earth, based on Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on Deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms. Where carbon, nitrogen, oxygen and hydrogen atoms are widely available around us and in atmosphere.

BASED ON WHAT ACTUALLY, ALLAH SAYS ALLAH'S SPIRIT THAT LIVES IN PARADISE AND HELL IS ETERNAL, BUT ACTUALLY IT IS NOT ETERNAL

Now, we are still focusing our minds on uncovering the secrets contained behind the verses: “... *Allah has provided for them paradises where rivers flow in them forever and ever. They are eternal in it... (At Taubah: 9: 100)*” *Allah threatens... the disbelievers with Hellfire, they will abide in it... (At Taubah: 9: 68)*

Apparently, Allah has declared that Allah's spirit in paradise and in hell is “... *eternal... (At Taubah: 9: 100)*”

Now the question arises,

Is it eternal according to the reckoning of Allah's time or according to the reckoning of man's time?

Well, according to Allah's calculations, because "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) is formed from hydrogen atoms, carbon atoms, nitrogen and oxygen atoms, then "...Allah's spirit...(Shaad: 38:72) is impermanent.

Meanwhile, according to human calculations "...Allah's spirit...(Shaad: 38:72) which is formed from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms will reach the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years

So, actually, "...Allah's spirit...(Shaad: 38:72) which lives in paradise and in hell is impermanent

But, why according to Allah "...they will eternal in it...(At Taubah: 9:68) ?

Well, the answer is hidden in the secret behind the verse: "... for you there is a place to live on earth, and the pleasure of living until the appointed time (Al Baqarah: 2: 36)

Apparently, when humans live in the world "...until the appointed time (Al Baqarah: 2:36) that is, until humans die.

"... the specified time (Al Baqarah: 2:36) on earth, compared to the age of "...Allah's spirit...(Shaad: 38:72) which is formed from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen, in heaven and in hell, reaching the age of **10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000** years, is meaningless

So, "...Allah's spirit...(Shaad: 38:72) who lives in paradise and in hell is eternal compared to human life on earth.

So, actually, "...Allah's spirit...(Shaad: 38:72) that lives in paradise and in hell is impermanent. While what is meant by Allah is "...Allah's spirit...(Shaad: 38:72) is "...Allah's spirit...(Shaad: 38:72) who lives in paradise and in hell is eternal compared to human life on earth.

CONCLUSION

From what is described above, it can be concluded that the secrets contained behind the verses: "... Allah has provided for them paradises where rivers flow in them forever and ever. They are eternal in it... (At Taubah: 9: 100)" Allah threatens... the disbelievers with Hellfire, they will abide in it... (At Taubah: 9: 68)

Apparently, Allah has declared that Allah's spirit in paradise and in hell is "... eternal... (At Taubah: 9: 100)

Now the question arises,

Is it eternal according to the reckoning of Allah's time or according to the reckoning of man's time?

Well, according to Allah's calculations, because "...my spirit...(Shaad: 38:72) or "...Allah's spirit...(Shaad: 38:72) is formed from hydrogen atoms, carbon atoms, nitrogen and oxygen atoms, then "...Allah's spirit...(Shaad: 38:72) is impermanent.

Meanwhile, according to human calculations "...Allah's spirit...(Shaad: 38:72) which is formed from

hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms will reach the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years

So, actually, *"...Allah's spirit...(Shaad: 38:72)* which lives in paradise and in hell is impermanent

But, why according to Allah *"...they will eternal in it...(At Taubah: 9:68) ?*

Well, the answer is hidden in the secret behind the verse: *"... for you there is a place to live on earth, and the pleasure of living until the appointed time (Al Baqarah: 2: 36)*

Apparently, when humans live in the world *"...until the appointed time (Al Baqarah: 2:36)* that is, until humans die.

"... the specified time (Al Baqarah: 2:36) on earth, compared to the age of *"...Allah's spirit...(Shaad: 38:72)* which is formed from hydrogen atoms, carbon atoms, nitrogen atoms and oxygen, in heaven and in hell, reaching the age of **10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000** years, is meaningless

So, *"...Allah's spirit...(Shaad: 38:72)* who lives in paradise and in hell is eternal compared to human life on earth.

So, actually, *"...Allah's spirit...(Shaad: 38:72)* that lives in paradise and in hell is impermanent. While what is meant by Allah is *"...Allah's spirit...(Shaad: 38:72)* is *"...Allah's spirit...(Shaad: 38:72)* who lives in paradise and in hell is eternal compared to human life on earth.
