ABSTRACT

Before I write down the problem why most people are still afraid of the Covid19 RNA virus even though Allah is very close to the human body, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of why most people are still afraid of the Covid19 RNA virus even though Allah is very close in the human body, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that are Allah's secret unlocking tools about why most people are still afraid of the Covid19 RNA virus even though Allah is very close to the human body, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

Allah said: "O Moses, verily I chose you and other humans to carry My message and to speak directly with Me, therefore hold fast to what I have given you and be among those who are grateful." (Al A'raaf: 7:144)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth (Al Baqarah: 2: 186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about why most people are still afraid of the covid19 RNA virus even though Allah is very close in the human body, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that humans are still afraid of the Covid19 RNA virus even though Allah is very close in the human body, because most humans still don't understand that Allah is very close in the human body, from the point of view of Deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHY MOST OF HUMANS FROM THE RULES TO THE PEOPLE STILL FEAR BY THE RNA VIRUS COVID19, EVEN WHEN ALLAH IS VERY CLOSE IN THE HUMAN BODY

Now, we are still focusing our minds on uncovering the secrets contained behind the verse: *"... if My servants ask you about Me, then... I am near... (Al Baqarah: 2: 186) " ...We are closer to him than his jugular vein." (Qaf: 50:16)*

Apparently, here Allah has given a clear picture to all humans, that Allah is very close to being in the human body.

Now the question arises,

Why are most people still afraid of the Covid19 RNA virus?

The answer is

Because most people, from the rulers to the people, still do not understand that Allah *"...is near...(Al Baqarah: 2: 186) "...closer to him than his jugular vein." (Qaf: 50:16)*

Well, because most people do not understand about Allah *"...is near...(Al Baqarah: 2:186) "...closer to him than his jugular vein." (Qaf: 50:16)* then when Allah's creatures appear in the form of the covid19 RNA virus, they forget Allah, even though Allah is very, very close in the human body.

STATISTICS PROVE THAT THE COVID19 RNA VIRUS IS NOT HAZARDOUS, NOT AS PROPAGATED BY AUTHORITIES

Now, we examine what is written in today's statistics on February 11, 2022, which describes 4 667 554 confirmed COVID-19, 4 234 510 recovered, 288 186 people treated and 144858 died (*kawalcovid19.id*)

Well, it turns out that from 4 667 554 confirmed COVID-19 people who recovered 90.7%, around 6.2% were still being treated and 3.1% died.

So, actually it doesn't make sense that the authorities and some of the people are still afraid of the Covid19 RNA virus, even though statistics show that if there are 100 people who are confirmed to be Covid19, only 3 people died and only 6 people were being treated.

Now, what is the real reason for the existence of restrictions on people's activities in this country, if it turns out that according to statistical evidence, there is actually no need to be afraid and put restrictions in people's daily lives.

Do the rulers in this country not want to learn from people who understand and know about this covid19 RNA virus in other countries?

3 PEOPLE WHO DIED FROM 100 PEOPLE WHO CONFIRMED COVID19 COULD BE USED AS A TOOL TO CHEAT AND LIE TO THE PEOPLE

Now, has 3 people who died out of 100 confirmed Covid19 become a money-making field for the authorities?

Now, if the cost of testing equipment reaches around 40% - 50% of the price of a PCR test, then the remaining 50% is for doctors, nurses, room rental and administration fees, where exactly is the advantage of looking for profits from PCR tests?

However, if the testing equipment is not of high quality, and the costs of doctors, nurses, administration and room rent are reduced, then there can be benefits from the PCR test business.

MOST OF THE HUMANS IN THIS COUNTRY ARE FOOLED AND MADE AS ROBOTS

What doesn't make sense either, is that most of the people in this country have been fooled and turned into robots, or in other words, the humans who live in this country have been turned into robots, including its rulers.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "*... if My servants ask you about Me, then... I am near... (Al Baqarah: 2: 186) " ...We are closer to him than his jugular vein." (Qaf: 50:16)*"

Apparently, here Allah has given a clear picture to all humans, that Allah is very close to being in the human body.
