ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT about why there are still some people who consider life in paradise full of love and intimacy as a life that does not deserve to exist in paradise, seen from the point of photons, quarks. and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA)

Signs of Allah's greatness regarding why there are still some people who consider life in paradise full of love and intimacy as a life that does not deserve to be in paradise, are found in several verses, namely:

"Being in Jannah of pleasures (Al Waaqi'ah: 56:12)

"They reclined on couches in a row and We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)

"In paradise there are good and beautiful angels. (Ar Rahmaan: 55: 70)

"In paradise there are fair nymphs who lower their eyes politely, never touched by humans before them and not by jinn. (Ar Rahmaan: 55: 56)

"They have never been touched by humans before them nor by jinn. (Ar Rahmaan: 55: 74)

"They are on a cot enthroned with gold and gems, (Al Waaqi'ah: 56:15)

"By bringing glasses, kettles and drinks taken from running water (Al Waaqi'ah: 56: 18)

"And the fruits of what they choose (Al Waaqi'ah: 56:20)

"and the meat of birds of what they desire. (Al Waaqi'ah: 56: 21)

"and banana trees stacked up (Al Waaqi'ah: 56: 29)

"He is the First and the Last, the Outward and the Inward, and He is All-Knower of all things. (Al Hadid: 57:3)

"The angels and Gabriel ascended to God in a day the measure of which was fifty thousand years (Al Ma'aarij: 70:4)

"And give good tidings to those who believe and do good, that for them are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"So when I have perfected the scene and I breathed into it My spirit; then let you fall down prostrating to it (Shaad: 38:72)

"Allah promises the believers, male and female, Paradise under which rivers flow, they will abide therein, there are good places in Paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

"Indeed Allah will admit those who believe and do righteous deeds into Paradises beneath which rivers flow. In Paradise they will be adorned with gold and pearl bracelets, and their clothes will be silk. (Al Hajj) :22:23)

"And We put before them a wall and behind them a wall, and We covered them so that they could not see. (Yaasiin: 36:9)

"Those who were earlier, were first from the emigrants and the Ansar and those who followed them well, Allah is pleased with them and they are pleased with Allah and Allah has provided for them paradises in which rivers flow. forever. They stay in it. That's a big win. (At Taubah: 9: 100)

"And We remove all kinds of hatred that is in their chests; rivers flow under them and they say: "Praise be to Allah who has shown us to this. And we will never be guided if Allah does not guide us. Verily, the messengers of our Lord have come, bringing the truth." And it was called out to them: "This is Paradise which has been bequeathed to you, because of what you used to do." (Al-A'raaf: 7:43)

"And when you look there (paradise), surely you will see various kinds of pleasures and a great kingdom. (Al Insaan: 76: 20)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

In an effort to open the veil of Allah SWT's greatness about why there are still some humans who consider life in paradise full of love and intimacy as a life that does not deserve to exist in paradise, I use the basis of photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA). .

HYPOTHESIS

Here I put forward the hypothesis of a life in paradise full of love and intimacy as a life that is the basis of living together for 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years, as seen from photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).)?

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

MY SPIRIT WILL LIVE IN PARADISE FOR 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 YEARS, A LIFE FULL OF LOVE AND INTIMACY IS THE BASIC TO BUILD A LIFE TOGETHER

Now, we are still trying to uncover the secret hidden behind the verse: *"In paradise there are good and beautiful nymph. (Ar Rahmaan: 55: 70) "... (Ar Rahmaan: 55: 56) "They reclined on couches in a row and We married them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)*

It turns out that when Allah describes the conditions of life in paradise with the picture *"they recline on couches in a row and We marry them to beautiful nymphs with sharp eyes. (Ath Thuur: 52:20) "...never been touched by humans before them and not by the jinn. (Ar Rahmaan: 55: 56)* is considered by some people in the world as an image that does not deserve to be in paradise.

Now the question arises,

Why do some people in the world consider a life full of love and intimacy considered a life that does not deserve to be in paradise?

The answer is

Hidden in a secret hidden behind the verse: *"...they say: "Praise be to Allah who has shown us to this..." (Al A'raaf: 7: 43)*

Well, some people in this world think that life in paradise is only full of *"Praise be to Allah who has shown us to this..." (Al A'raaf: 7: 43)*

Whereas life in paradise is *"... eternal in it... (At Taubah: 9: 100)*

It means *"...My spirit...(Shaad : 38:72)* will live for 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years, not just one hundred or two hundred years.

Well, during that life *"...my spirit...(Shaad: 38:72)* in paradise is full of *"...various kinds of pleasures... (Al Insaan: 76:20)*

So whatever is in paradise is all *"...enjoyment...(Al Insaan: 76:20)*

Now, if there are some people in the world who still think that life is full of love and intimacy, *"...We marry them off with beautiful nymphs with sharp eyes. (Ath Thuur: 52:20)* as a life that does not
