ABSTRACT

First of all, by asking forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding the reason why most people think my spirit is Jibril, even though Jibril is a kind of male human, based on the molecular structure of nucleic acid or deoxyribonucleic acid (deoxyribonucleic acid). DNA)

There are several verses that become Allah's secret unlocking tools regarding the reason why most people think my spirit is Jibril, even though Jibril is a kind of male human, namely the verses:

"And they ask you about the spirit. Say: "The spirit belongs to the business of my Lord, and you are not given knowledge but a little." (Al Israa ': 17: 85)

"So he put a veil from them; then We sent our spirit to her, and he appeared before him a perfect human being. (Maryam: 19:17)

"He said: "Indeed I am only a messenger of your Lord, to give you a pure son." (Maryam: 19: 19)

"Gabriel said: "So it is." Your Lord said: "That thing is easy for Me; and that We may make it a sign for mankind and as a mercy from Us; and it is a matter that has been decided." (Maryam: 19:21)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And Mary, who has kept her honor, then We breathed into her a spirit from Us and We made her and her child a great sign to the worlds. (Al Anbiyaa': 21: 91)

"And Mary, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourselves (Al Hijr: 15: 29)

"And verily We brought the Book to Moses, and We followed after him with messengers, and We gave evidences of truth to Jesus the son of Mary and We strengthened it with the Holy Spirit. Does every messenger come to you bringing something that not according to your desires and you are arrogant; then you deny some people and kill some people? (Al Baqarah: 2:87)

"And if We made the apostle an angel, We would certainly have made him a man and, of course, We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"So when I have perfected the event and I have breathed into it My spirit; then you should fall down prostrating to it." (Shaad: 38:72)

"Angels and spirits ascend to God in a day the measure of which is fifty thousand years (Al Ma'aarij: 70: 4)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret regarding the reason why most people think my spirit is Jibril, even though Jibril is a kind of male human, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESES

Here I propose the hypothesis that Allah breathed "*...my spirit...*" (*Shaad: 38: 72*) into Jibril's body, because Jibril is a kind of male human, seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and which contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5 carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytocine (C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT REALLY IS THE REASON MOST PEOPLE IN THE WORLD THINK MY SPIRIT IS JIBRIL, BUT JIBRIL IS A TYPE OF MAN

Now, we are still continuing to concentrate on revealing the secret hidden behind the verse: "*...We sent our spirit to him, and he became a perfect human before her.*" (*Mary: 19:17*)

Apparently, here it is clearly revealed that "*...Our spirit...*" (*Maryam: 19:17*) is not Jibril, but "*...Our spirit...*" (*Maryam: 19:17*) or "*.. My spirit...*" (*Shaad: 38:72*) is what is in Jibril's body.

Now the question arises,

Why is there in Jibril's body "*...Our spirit...*" (*Maryam: 19:17*) or "*...My spirit...*" (*Shaad: 38:72*) ?

The answer is

Hidden in the secret behind the verse: "*... We made a messenger... an angel... a man... (Al An'aam: 6: 9) "... I breathed into him my spirit...(Shaad :38:72)*

Well, apparently, because Jibril is a kind of male human, then in fact Allah has breathed into Jibril's body "*...my spirit...*" (*Shaad: 38: 72*) as Allah breathed "*...my spirit...*" (*Shaad: 38:72*) into the body of all humans who are born into the world.

So, when Allah declares "*...the spirit ascends to God...(Al Ma'aarij : 70: 4)*" it means "*... My spirit ...*" (*Shaad: 38: 72*) which has been blown by Allah into Jibril's body which transmits frequency vibrations to Allah.

Or in other words, "*Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*, meaning "... *my spirit ...*" (*Shaad: 38: 72*) or "...*the spirit...*(*Al Ma'aarij: 70:4*) which is in the bodies of the angels and Jibril sends frequency vibrations to Allah whose speed is 18 262 980 times the speed according to human calculations.

MY SPIRIT WHICH IS BREATHED BY ALLAH ON ALL HIS CREATURES, INCLUDING ANGELS, JINN, HUMANS, SATAN, ANIMALS, PLANTS, AND ALL OBJECTS IN THE UNIVERSE

Now, since "...*My spirit...*" (*Shaad: 38:72*) is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, then actually "...*My spirit...*" (*Shaad: 38 : 72*) is not the incarnation of Allah, but is formed by the energy of Allah, where the energy of Allah comes from Allah and the energy of Allah returns to Allah.

So, now it has been revealed, that "...*my spirit...*" (*Shaad: 38: 72*) is in all the bodies of angels including Jibril's body.

Therefore when Allah declares "...*the spirit ascends to God...*(*Al Ma'aarij: 70:4*) it means "...*My spirit...*" (*Shaad: 38:72*) which has been blown by Allah into Jibril's body which transmits frequency vibrations to Allah.

Because indeed Jibril is a kind of male human, who cannot fly, so facing Allah is "...*my spirit...*" (*Shaad: 38: 72*) which has been blown by Allah into Jibril's body which sends frequency vibrations. to Allah with a speed of 18 262 980 times the speed according to human calculations.

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: "...*We sent our spirit to him, and he became a perfect human before her.* (*Mary: 19:17*)

Apparently, here it is clearly revealed that "...*Our spirit...*(*Maryam: 19:17*) is not Jibril, but "...*Our spirit...*(*Maryam: 19:17*) or "... *My spirit...*" (*Shaad: 38:72*) is what is in Jibril's body.

Now the question arises,

Why is there in Jibril's body "...*Our spirit...*(*Maryam: 19:17*) or "...*My spirit...*" (*Shaad: 38:72*) ?

The answer is

Hidden in the secret behind the verse: "... *We made a messenger... an angel... a man...* (*Al An'aam: 6: 9*)"... *I breathed into him my spirit...*(*Shaad :38:72*)

Well, apparently, because Jibril is a kind of male human, then in fact Allah has breathed into Jibril's body "...*my spirit...*" (*Shaad: 38: 72*) as Allah breathed "...*my spirit...*" (*Shaad: 38:72*) into the body of all humans who are born into the world.

So, when Allah declares "...*the spirit ascends to God...*(*Al Ma'aarij : 70: 4*) it means "... *My spirit ...*" (*Shaad: 38: 72*) which has been blown by Allah into Jibril's body which transmits frequency vibrations to Allah.

Or in other words, "*Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70: 4)*, meaning "... *my spirit ...*" (*Shaad: 38: 72*) or "...*the spirit...*(*Al Ma'aarij: 70:4*) which is

in the bodies of the angels and Jibril sends frequency vibrations to Allah whose speed is 18 262 980 times the speed according to human calculations.

Now, since "...*My spirit...*" (*Shaad: 38:72*) is made up of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms, then actually "...*My spirit...*" (*Shaad: 38 : 72*) is not the incarnation of Allah, but is formed by the energy of Allah, where the energy of Allah comes from Allah and the energy of Allah returns to Allah.

So, now it has been revealed, that "...*my spirit...*" (*Shaad: 38: 72*) is in all the bodies of angels including Jibril's body.

Therefore when Allah declares "...*the spirit ascends to God...*" (*Al Ma'aarij: 70:4*) it means "...*My spirit...*" (*Shaad: 38:72*) which has been blown by Allah into Jibril's body which transmits frequency vibrations to Allah.

Because indeed Jibril is a kind of male human, who cannot fly, so facing Allah is "...*my spirit...*" (*Shaad: 38: 72*) which has been blown by Allah into Jibril's body which sends frequency vibrations. to Allah with a speed of 18 262 980 times the speed according to human calculations.
