ABSTRACT

Before I write down the problem, for what reason, Isa son of Maryam raised the dead, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret, for what reason, Isa son of Maryam raised the dead, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about for what reason, Isa son of Maryam raised the dead, namely the following verses:

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"... Isa, the son of Maryam, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... (An Nisaa ': 4: 171)

When Allah said: "O Isa son of Maryam, remember My favors to you and to your mother when I strengthened you with the Holy Spirit. You can talk to humans in the cradle and as adults; and when I taught you to write, wisdom, the Torah and the Gospel, and when you formed from the ground a bird with My permission, then you blew on it, and it became a bird by My permission. And when you healed people who were blind in their mother's womb and those who were sick with hair loss with My permission, and when you brought the dead out of the grave with My permission, and when I hindered the Children of Israel when you presented them with information. clear information, then those who disbelieve among them say: "This is nothing but clear magic." (Al Maa'idah: 5:110)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"Then He perfected and breathed into it His spirit and He made for you hearing and sight and hearts; you are very grateful. (As Sajdah: 32: 9)

"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And in this way you will be brought out. (Ar Ruum: 30: 19)

In an effort to open the veil of Allah's secret about for what reason, Isa son of Maryam raised the dead, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that Isa the son of Maryam raised the dead, because *"... the spirit of Ku... (Al Hijr: 15: 29)* which is in the body of Isa son of Maryam, has not yet come out of the body, seen from the basic point of Deoxyribonucleic acid (DNA).)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

BEFORE MY SPIRIT LEAVES FROM THE BODY OF THE PERSON THAT IS DEAD, MY SPIRIT IS STILL UNITED IN THE BODY

Now, we are still trying to focus our minds to reveal the secret contained in the verse: *"when Allah said: "O Isa son of Maryam, remember My favors to you and to your mother when I strengthened you with the Holy Spirit... you bring the dead out of the grave with My permission..." (Al Maa'idah: 5: 110)*

Apparently, it is clearly illustrated, that Isa son of Maryam *"...takes out the dead from the grave... (Al Maa'idah: 5: 110)*

Now, the question arises,

Who exactly is the dead person raised by Isa, the son of Maryam? And how long had the dead man been buried?

The answer is

The person who was considered dead had been buried in the cave for four days.

Well, apparently, the man died only four days ago and was buried in a dry cave, not buried in the ground.

MY SPIRIT COMES FROM THE BODY OF THE DEAD, BURIED IN THE SOIL, IS 30 DAYS

Now, let's uncover the secret contained in the verse: *"He brings out the living from the dead and brings out the dead from the living and gives life to the earth after its death. And that is how you will be brought out. (Ar Ruum: 30: 19)*

Well, it turns out, Allah has described how Allah brings the dead to life, such as *"...giving life to the earth after its death. And that's how you will be expelled. (Ar Ruum: 30: 19)*

So, actually, what dies is the same as *"...the earth after its death...(Ar Ruum: 30: 19)* , where when

"...the earth after its death...(Ar Ruum: 30: 19) is watered by rainwater, which contains hydrogen atoms and oxygen atoms, the dead earth comes to life.

Why did the earth come back to life?

Because, nitrogen atoms and carbon atoms in the earth, need hydrogen atoms and oxygen atoms to be fertile.

So, *"... my spirit... (Al Hijr: 15: 29)* which is in the earth comes back to life, after coming hydrogen atoms and oxygen atoms through rainwater, combining with nitrogen atoms and carbon atoms.

Now, when Isa, son of Maryam, calls the name of a person who has been dead for four days and was buried in a dry cave, it turns out that the person who was considered dead can wake up.

Now, the question arises,

Why is it that people who have been considered dead for four days and buried in a dry cave, can come back to life, when called by Isa son of Maryam by name?

The answer is,

Hidden in the secret behind the verse: *"Allah holds the soul when it dies and the soul that has not died in its sleep...He holds the soul which He has decreed for death...(Az Zumar: 39: 42)*

It turns out, only Allah can take a person's life *"... He endures the soul He has decreed for his death... (Az Zumar: 39: 42)*

Even though the people around the person who is considered dead, have decided that the person is dead, when in fact, Allah has not yet decided that the person is dead.

So, in fact, the person who was considered dead, his body was still intact, because it was stored in a dry cave, only his brain was not working.

Then, *"... my spirit... (Al Hijr: 15: 29)* is still in the body of the person who is considered dead, because it has only been stored in the dry cave for four days.

Because *"... my spirit... (Al Hijr: 15: 29)* is still in the body of a person who is considered dead, so when Isa, son of Maryam called the name of the dead person, then the person woke up.

So, actually, the person who is considered dead is not dead, but only that his brain is not functioning, while his body is not damaged. This is called brain death. In some countries it has become a law, if a person's brain is not functioning, then that person is sentenced to death. Even though Allah has not withheld *"... the soul that He has determined to die... (Az Zumar: 39: 42)*

CONCLUSION

Based on the description above, we can conclude that the secret contained in the verse: *"when Allah said: "O Isa son of Maryam, remember My favors to you and to your mother when I strengthened you with the Holy Spirit... you bring the dead out of the grave with My permission..." (Al Maa'idah: 5: 110)*
