ABSTRACT

First of all, by asking for forgiveness from Allah SWT, here I try to reveal the signs of the greatness of Allah SWT regarding for what reason, most humans worship humans, statues, animals, in which, there is my spirit, from the point of view of photons, quarks and the molecular structure of nucleic acids. or deoxyribonucleic acid (DNA)

The signs of Allah's greatness regarding the secret of Allah regarding for what reason, most humans worship humans, statues, animals, in which, there is my spirit, namely the verses:

"Allah wants to give you relief, and humans are made weak. (An Nisaa ': 4: 28)

"And your Lord is God Almighty, there is no god but He is the Most Gracious, the Most Merciful. (Al Baqarah: 2:163)

"Indeed, the worst of animals in the sight of Allah are those who are deaf and deaf who do not understand anything. (Al Anfaal: 8: 22)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hjr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven heavens. And He is All-Knowing of all things." (Al Baqarah: 2:29)

"Indeed, the creation of the heavens and the earth is greater than the creation of man, but most people do not know. (Al Mu'min: 40: 57)

"And why do they not think about themselves? Allah did not make the heavens and the earth and what is between them except with the truth and the appointed time. And indeed most of the people really deny meeting their Lord. (Ar Ruum: 30:8)

In an effort to unveil the greatness of Allah SWT regarding Allah's secret about, for what reason, most humans worship humans, statues, animals, in which, there is my spirit, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I propose the hypothesis that most humans worship humans, statues, animals, in which, there is my spirit, because humans are weak, when viewed from photons, quarks and the molecular structure of nucleic acids or deoxyribonucleic acid (DNA).

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and

which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

HUMANS NEED SOMETHING THAT PROTECTS

Now, we are still concentrating on opening the secret that is hidden behind the verse: *"Allah wants to give you relief, and humans are made weak. (An Nisaa ': 4: 28)*

Apparently, humans have many weaknesses. And indeed because Allah has created man *"...weak. (An Nisa': 4: 28)*

Well, because humans are weak, humans need something and someone to protect them.

Now, anything, whether it's humans, animals, rocks, trees, moons, stars, planets, which is considered by the human mind, can provide protection and security for humans, then humans will worship it.

HUMANS WORSHIP HUMANS, STATUE AND ANIMALS

Now, it turns out that most humans, for example, think that other humans can provide peace, happiness, comfort, because the humans they worship are considered to have advantages and are considered children of god or children of dewa.

Also, most humans, worship statues, because statues can give to the human mind, something that is calming and can provide inspiration and a way out in human life.

Likewise, most humans, worship animals, because animals give life to humans, by giving milk, meat, giving satisfaction to the human mind, helping humans a lot in work.

That's all, because humans are weak, which in essence humans need something or someone to protect them.

WHY HUMANS DON'T FIND WHO CREATED HUMANS AND THE UNIVERSE

Now, let's unveil the secret that is hidden behind the verse: *"Indeed, the worst animals in the sight of Allah are those who are deaf and deaf who do not understand anything. (Al Anfaal: 8: 22)*

Apparently, Allah has declared: *"...the worst in the sight of Allah are people who are deaf and deaf who do not understand anything. (Al Anfaal: 8:22)*

That is, humans who do not use their minds to learn and to understand who actually created themselves and the universe.

Now, because humans who have been given minds by Allah are not used by their minds to seek and understand who Allah is, then this weak human is looking for something or someone who he thinks can provide protection and help to himself.

Therefore, many humans worship humans, because the worshiped humans are superior and children of gods, children of dewa. Likewise, asking statues and animals because the statues and animals they worship can help humans, which causes a sense of calm and security and happiness in their minds.

IN HUMANS AND ANIMALS, ALSO IN STATUE, THERE IS MY SPIRIT

Now, it turns out that in humans who are worshiped, also in the bodies of animals, and in statues made of stone and wood, which are worshiped by humans, there is my spirit.

Why is there my spirit in humans, animals and statues worshiped by humans?

The answer is

Hidden in the secret behind the verse: *"... I... have blown into it my spirit... (Al Hijr: 15: 29)*

It turns out that Allah *"...has breathed into it my spirit... (Al Hijr: 15: 29)*

That is, anything, objects, and organisms and creatures that live in this universe, Allah has *"...blow my spirit into it...(Al Hijr: 15: 29)*

So, humans who are worshiped, statues and animals worshiped by humans, it's all in it *"... my spirit... (Al Hijr: 15: 29)*

Now comes the statement,

Why do most humans worship humans, statues and animals, if indeed in the body that is worshiped there is *"... my spirit... (Al Hijr: 15: 29)?*

The answer is

Hidden in the secret behind the verse: *"... people who are deaf and deaf who do not understand anything. (Al Anfaal: 8:22)*

It turns out that Allah considers those who worship humans, statues and animals the same as *"... people who are deaf and deaf who do not understand anything. (Al Anfaal: 8:22)*

Allah declared: *"...people who...do not understand anything. (Al Anfaal: 8:22)*

That is, humans who do not use their minds to learn to find out who actually created humans and the universe.

IT IS NOT EASY TO UNDERSTAND ALLAH

Now, let's unveil the secret that lies behind the verse: *"Indeed, the creation of the heavens and the earth is greater than the creation of man, but most people do not know. (Al Mu'min: 40: 57)*

Apparently, Allah has known, that humans do not want to seek knowledge to be used to seek and understand Allah.

Finally, humans take the easiest path, namely worshiping humans who are considered children of god, children of dewa, statues and animals. All of that, in his body there is *"... my spirit... (Al Hijr: 15: 29)*

CONCLUSION

From what has been described above we can now conclude that the secret that is hidden behind the verse: *"Allah wants to give you relief, and humans are made weak. (An Nisaa ': 4: 28)*

Apparently, humans have many weaknesses. And indeed because Allah has created man *"...weak. (An Nisa': 4: 28)*
