ABSTRACT

Before I write down the problem for what reason, most people in the world consider Prophet Isa after 40 days of death, my body and spirit rose into the air, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about why, most people in the world consider Prophet Isa after 40 days of death, my body and spirit rose into the air, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tools about for what reason, most people in the world consider Prophet Isa after 40 days of death, my body and spirit rose into the air, namely the verses:

"... when Allah said: "O Jesus, indeed I will kill you and raise you to Me and cleanse you from those who disbelieve, and make those who follow you above those who disbelieve until the Day the Day of Resurrection. Then to Me is your return, then I will judge between you about things that you always disagree with." (Ali 'Imran: 3:55)

"And because of their saying: "Indeed we have killed the Messiah, Isa son of Maryam, Allah's Apostle", even though they did not kill him and did not crucify him, but those who were likened to Isa for them. Indeed, those who disagree about Isa are correct. -true in doubting about who was killed. They have no confidence about who was killed, except following mere suspicion, they are not sure that the one they killed was Isa. (An Nisaa ': 4: 157)

"But Allah has raised Isa to Him. And Allah is Mighty, Most Wise. (An Nisaa ': 4: 158)

"There is none of the People of the Book, but will believe in him before his death. And on the Day of Resurrection Jesus will be a witness against them. (An Nisaa ': 4: 159)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Indeed, for example, Jesus in the sight of Allah, is like Adam. Allah created Adam from clay, then Allah said to him: "Be", so he was. (Ali 'Imran : 3:59)

The Messiah, the son of Mary, was only an Apostle, after all, several messengers had passed before him, and his mother was a very righteous man, both of whom used to eat food. Watch how We explain to them the signs of power, then watch how they turn away. (Al Maa'idah: 5:75)

"O People of the Book, do not transgress in your religion, and say nothing of Allah except the truth. Verily, the Messiah, Isa, the son of Maryam, is the Messenger of Allah and His words which He conveyed to Mary, and a spirit from Him. So believe in Allah and His messengers and do not say: "Three", stop. Better for you. Verily, Allah is the One God, Glory be to Allah from having children, all that is in the heavens and on earth belongs to Him. It is enough for Allah to be the Sustainer. (An Nisaa ': 4: 171)

"And Maryam, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)

"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24:35)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

In an effort to open the veil of Allah's secret about why, most people in the world consider Prophet Isa after 40 days of death, my body and spirit rose into the air, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESES

Here I propose a hypothesis only *"...spirit from Him...(An Nisaa' : 4: 171)* or *"...my spirit...(Shaad: 38: 72)* which came out of the body of Prophet Isa after 40 day of death, viewed from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, b 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. b2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

ALLAH BLOWS OUR SPIRIT OR MY SPIRIT TO THE PROPHET ISA AND TO ALL THE HUMANS

Now, we are still concentrating on digging and uncovering the secret behind the verse: *"... We breathed into her womb some of our spirits... (At Tahrin: 66:12)*

Where *"...Our spirit...(At Tahrin: 66:12)* which is breathed in by Allah is the same as *"...My spirit...(Shaad: 38:72)* which is breathed into all humans born into the world. .

Apparently, Prophet Isa, when he was in the womb of Mary, was like any other human being conceived by his mother. *"...We breathed into her womb some of our spirit...(At Tahrin: 66:12) "...I breathed into her my spirit... (Shaad: 38:72)*

PROPHET ISA DIED IS THE SAME AS OTHER PEOPLE DIED

Now, let's unveil the secret behind the verse: *"... when Allah said: "O Isa, indeed I will take your life and raise you to Me...(Ali 'Imran: 3:55)*

It turns out that Allah *"...take your life...(Ali 'Imran: 3:55)* is the same as when *"...He endures the soul for which He has ordained death...(Az Zumar: 39: 42)*

So, the death of Prophet Isa is the same as the death of any other human on this earth.

Well, Allah states *"...raised you to Me...(Ali 'Imran: 3:55)* is the same as when *"...My spirit...(Shaad: 38:72)* comes out of the body of the one who already dead.

MOST OF HUMANS IN THE WORLD THINK THE PROPHET ISA AFTER 40 DAYS OF DIED, MY SPIRIT AND BODY RISE INTO THE AIR

Well, then we will reveal the secret behind the verse: *"... My spirit... (Shaad: 38: 72)* came out of the body of Prophet Isa and from the bodies of all dead humans buried in the ground after 30 days.

Now, it's the same with Prophet Isa who died after 30 days of being buried in the ground, came out *"...my spirit...(Shaad: 38:72)* from within his body.

However, most people think of Prophet Isa after 40 days of death, my spirit and body rose into the air.

Now the question arises,

How about Prophet Jesus after he died 40 days, then my spirit and his body rose into the air?

The answer is hidden in the secret behind the verse: *"... I have perfected the scene and I breathed into him My spirit... (Shaad: 38: 72)*

Well, what is blown by Allah into the human body, including the body of Prophet Isa is *"...My spirit... (Shaad : 38:72)*

When humans die, and are buried in the ground, then after 30 days comes out *"... my spirit... (Shaad: 38: 72)* which is built by hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

The same thing happened to Prophet Isa, when Prophet Isa died and after 40 days of death, came out of his body *"... my spirit... (Shaad: 38: 72)*

So, if most of the people in the world still think that Prophet Isa after 40 days died, my spirit and body rose into the air, then assume that most of these humans have no solid foundation.

Now, if what is meant by the body of Prophet Isa rising into the air are hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then these atoms are the building blocks of *"... my spirit... (Shaad: 38: 72)*

So, actually only *"... my spirit... (Shaad: 38: 72)* that came out of the body of Prophet Isa who had died 40 days.

So, the assumption of most people in the world who still think of Prophet Isa rising into the air of my spirit and body, then the assumption of most humans is that there is no solid foundation.

CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: *"... We breathed into her womb some of our spirits... (At Tahrir: 66:12)*

Where *"...Our spirit...(At Tahrir: 66:12)* which is breathed in by Allah is the same as *"...My spirit... (Shaad: 38:72)* which is breathed into all humans born into the world. .

Apparently, Prophet Isa, when he was in the womb of Mary, was like any other human being conceived by his mother. *"...We breathed into her womb some of our spirit...(At Tahrir: 66:12) "...I breathed into her my spirit... (Shaad: 38:72)*

Now, let's unveil the secret behind the verse: *"... when Allah said: "O Isa, indeed I will take your life and raise you to Me...(Ali 'Imran: 3:55)*

It turns out that Allah *"...take your life...(Ali 'Imran: 3:55)* is the same as when *"...He endures the soul for which He has ordained death...(Az Zumar: 39: 42)*

So, the death of Prophet Isa is the same as the death of any other human on this earth.

Well, Allah states *"...raised you to Me...(Ali 'Imran: 3:55)* is the same as when *"...My spirit...(Shaad: 38:72)* comes out of the body of the one who already dead.

Well, then we will reveal the secret behind the verse: *"... My spirit... (Shaad: 38: 72)* came out of the body of Prophet Isa and from the bodies of all dead humans buried in the ground after 30 days.

Now, it's the same with Prophet Isa who died after 30 days of being buried in the ground, came out *"...my spirit...(Shaad: 38:72)* from within his body.

However, most people think of Prophet Isa after 40 days of death, my spirit and body rose into the air.

Now the question arises,

How about Prophet Jesus after he died 40 days, then my spirit and his body rose into the air?

The answer is hidden in the secret behind the verse: *"... I have perfected the scene and I breathed into him My spirit... (Shaad: 38: 72)*

Well, what is blown by Allah into the human body, including the body of Prophet Isa is *"...My spirit... (Shaad : 38:72)*

When humans die, and are buried in the ground, then after 30 days comes out *"... my spirit... (Shaad: 38: 72)* which is built by hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

The same thing happened to Prophet Isa, when Prophet Isa died and after 40 days of death, came out of his body *"... my spirit... (Shaad: 38: 72)*

So, if most of the people in the world still think that Prophet Isa after 40 days died, my spirit and body rose into the air, then assume that most of these humans have no solid foundation.

Now, if what is meant by the body of Prophet Isa rising into the air are hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms, then these atoms are the building blocks of *"... my spirit... (Shaad: 38: 72)*

So, actually only *"... my spirit... (Shaad: 38: 72)* that came out of the body of Prophet Isa who had died 40 days.

So, the assumption of most people in the world who still think of Prophet Isa rising into the air of my spirit and body, then the assumption of most humans is that there is no solid foundation.
