## ABSTRACT

Before I write about the reason why most of the people in the world still believe that Prophet Isa died to atone for the sins of those who are still alive, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about why most of the people in the world still believe that Prophet Isa died to atone for the sins of humans who are still alive, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about why most of the people in the world still believe that Prophet Isa died to atone for the sins of humans who are still alive, namely the following verses:

*"... when Allah said: "O Isa, indeed I will kill you and raise you to Me and cleanse you from those who disbelieve, and make those who follow you above those who disbelieve until the Day the Day of Resurrection. Then to Me is your return, then I will judge between you about things that you always disagree with." (Ali 'Imran: 3:55)*

*"And because of their saying: "Indeed we have killed the Messiah, Isa son of Maryam, Allah's Apostle", even though they did not kill him and did not crucify him, but those who were likened to Jesus for them. Indeed, those who disagree about Jesus are correct. -true in doubting about who was killed. They have no confidence about who was killed, except following mere suspicion, they are not sure that the one they killed was Isa. (An Nisaa ': 4: 157)*

*"But Allah has raised Isa to Him. And Allah is Mighty, Most Wise. (An Nisaa ': 4: 158)*

*"There is none of the People of the Book, but will believe in him before his death. And on the Day of Resurrection Jesus will be a witness against them. (An Nisaa ': 4: 159)*

*"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)*

*"Indeed, for example, Isa in the sight of Allah, is like Adam. Allah created Adam from clay, then Allah said to him: "Be", so he was. (Ali 'Imran : 3:59)*

*The Messiah, the son of Maryam, was only an Apostle, after all, several messengers had passed before him, and his mother was a very righteous man, both of whom used to eat food. Watch how We explain to them the signs of power, then watch how they turn away. (Al Maa'idah: 5:75)*

*"O People of the Book, do not transgress in your religion, and say nothing of Allah except the truth. Verily, the Messiah, Isa, the son of Mary, is the Messenger of Allah and His words which He conveyed to Mary, and a spirit from Him. So believe in Allah and His messengers and do not say: "Three", stop. Better for you. Verily, Allah is the One God, Glory be to Allah from having children, all that is in the heavens and on earth belongs to Him. It is enough for Allah to be the Sustainer. (An Nisaa ': 4: 171)*

*"And Maryam, the daughter of Imran, who kept her honor, so We breathed into her some of Our spirits, and she confirmed the words of her Lord and His Books, and she was one of the obedient ones. (At Tahrir: 66:12)*

*"Allah is the light of the heavens and the earth...Light upon light...(An Nuur: 24: 35)*

*"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)*

In an effort to open the veil of Allah's secret about why most of the people in the world still believe that Prophet Isa died to atone for the sins of living humans, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

## **HYPOTHESES**

Here I proposes the hypothesis that Prophet Isa died to atone for the sins of humans who are still alive because Prophet Isa is considered an incarnation of God, seen from the basic point of Deoxyribonucleic acid (DNA).

### **DEOXYRIBONUCLEIC ACID (DNA)**

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitro atoms

Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

## **WHAT REALLY IS IN MOST PEOPLE WHO BELIEVE IN GOD TRANSFORM BECOME THE PROPHET OF ISA**

Now, we are still concentrating on digging and uncovering the secret behind the verse: *"... We breathed into her womb some of our spirits... (At Tahrir: 66:12)*

It turns out, *"...Our spirits...(At Tahrir: 66:12)* are blown into the *"...Maryam's womb...(At Tahrir: 66:12)* is considered and believed to be the way for Allah transformed into Prophet Isa Prophet Isa. Where later Prophet Isa is considered son of God.

God becoming human is the way and method used by some people in this world to solve the way out of how Prophet Isa was born from Maryam who had never been touched by a man.

Now, through the incarnation or the incarnation of God into a human, the Prophet Isa, who was born without a father, found a way out.

Now, because most of the people in the world believe that Allah has breathed “...*Our spirit...*(*At Tahrir: 66:12*) or holy spirit to Maryam, the son born of Maryam is considered and believed to be the son of God. Or God incarnated into a human.

### **ACCORDING TO MOST OF HUMAN BEINGS IN THE WORLD BELIEVE THE PROPHET ISA DIE, ATONING FOR THE SINS OF HUMANS STILL ALIVE**

Now”...*when Allah says: "O Isa, verily I will take of your life and raise you to Me...(Ali 'Imran: 3:55)*

It turns out that Allah “...*take of your life...(Ali 'Imran: 3:55)* is the same as when “...*He endures the soul for which He has ordained death...(Az Zumar: 39: 42)*

So, the death of Prophet Isa is the same as the death of any other human on this earth.

Now, the problem now is, not because Prophet Isa died, but the problem for most people in the world is how God died. This means that God who incarnates into a human being who is considered a son of God dies.

Now, it turns out that in a short way, it was decided that if God dies, in this case God's son dies, then it means that God has forgiven all human sins, because God himself has no sin.

Because usually it is God who forgives the sins of dead humans, now it is God who is dead, so the dead God frees the sins of living humans.

So, according to the belief of most people in the world, with the death of God's son, in this case according to most of the people in the world is Prophet Isa, then the death of God's son is the same as atonement for the sins of humans who are still alive.

Or in other words, humans whose sins have been forgiven have a mutual agreement and have forgiven each other, between God and humans, and between humans and God.

### **DUE TO BELIEVE IN GOD TRANSFORMED BECOME A HUMAN, THEN MOST HUMANS IN THE WORLD LOOK FOR A WAY OUT, WHEN GOD DIES MEANS GOD HAS REDUCED THE SIN OF HUMANS WHO ARE STILL LIVING**

Now, this is the result of most of the people in the world believing in God transforms into human, or God transforms into Prophet Isa. Where the basis of God's incarnation into humans according to most people in the world is because Allah breathed: “...*into the womb (Maryam) some of our souls...*(*At Tahrir: 66:12*)

In fact, if most people in the world understand and realize that every human being born into the world has been blown by Allah “...*my spirit...(Shaad: 38:72)* into his body through his mother's womb, then when Prophet Isa was born into the world does not need to be considered an incarnation of God.

Now, if belief in God becomes human, or God transforms into Prophet Isa, on the grounds that Allah breathed: “...*into the Maryam's womb part of our spirit...(At Tahrir: 66:12)* is considered wrong, because every human being who is born into the world has been blown by Allah “...*my spirit...*

*(Shaad: 38:72)* into his body through his mother's womb, the teachings that emphasize God the father, God the son and the Holy Spirit are gone.

Now, if belief in God becomes human, or God transforms into Prophet Isa, on the grounds that Allah breathed: "...into the Maryam's womb part of our spirit...*(At Tahrir: 66:12)* is considered wrong, because every human being who is born into the world has been blown by Allah "...my spirit...*(Shaad: 38:72)* into his body through his mother's womb, the teachings that emphasize God the father, God the son and the Holy Spirit are gone.

Therefore, the belief in God incarnate as a human is maintained, otherwise, belief in God the father, God the son and the Holy Spirit will disappear from our earth.

## CONCLUSION

Based on the description above, we can conclude that the secret behind the verse: "... We breathed into her womb some of our spirits... *(At Tahrir: 66:12)*

It turns out, "...Our spirits...*(At Tahrir: 66:12)* are blown into the "...Maryam's womb...*(At Tahrir: 66:12)* is considered and believed to be the way for Allah transformed into Prophet Isa Prophet Isa. Where later Prophet Isa is considered son of God.
