ABSTRACT

Before I write down the problem with the real reason, revelation is not conveyed directly to humans, but must be through angels, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about for what reason, revelation is not delivered directly to humans, but must be through angels, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tools about for what reason, revelation is not delivered directly to humans, but must be through angels, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"Praise be to Allah, the Creator of the skys and the earth, Who made the angels as messengers with wings, two, three and four respectively. Allah adds to His creation what He wills. Verily, Allah has power over all things. (Faathir: 35:1)

"And he does not speak according to his desires. (An Najm: 53: 3)

"His words are nothing but revelations that are revealed. (An Najm: 53: 4)

"which was taught to him by the very strong (An Najm: 53: 5)

"who has an intelligent mind; and appears with the original form. (An Najm: 53: 6)

"While he is on a high horizon. (An Najm: 53: 7)

"Then he drew near, then drew near again. (An Najm: 53: 8)

"Then let him be near the two ends of the bow or nearer. (An Najm: 53: 9)

"Then he conveys to His servant what Allah has revealed. (An Najm: 53:10)

"His heart does not deny what he has seen (An Najm: 53:11)

"Establish prayer from after the sun has slipped until it is dark at night and at dawn. Verily, the dawn prayer is witnessed. (Al Israa ': 17: 78)

"Indeed, for you there is a watcher." (Al-Infithaar: 82:10)

"But Allah acknowledges the Qur'an which He has revealed to you. Allah has sent it down with His knowledge; and the angels are witnesses. It is enough for Allah to acknowledge it. (An Nisaa ': 4: 166)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And when We said to the angels: "Prostrate to Adam," then they bow down except Satan; he is reluctant and arrogant and is one of the disbelievers. (Al Baqarah: 2:34)

"He arranges affairs from the heavens to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Angels and spirits ascend to God in a day whose measure is fifty thousand years." (Al Ma'aarij: 70:4)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

In an effort to open the veil of Allah's secret about the real reason, revelation is not delivered directly to humans, but must be through angels, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose the hypothesis that revelation is not delivered directly to humans, but must be through angels, because humans do not have control over angelic particles that can be used to carry information through frequency waves in certain areas of the electromagnetic spectrum with the speed of light 109 502 073 292.0968 km per second, viewed from this point of view.
Deoxyribonucleic acid (DNA) view

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body

of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WITH WHAT REASON ACTUALLY ALLAH DID NOT DIRECTLY SUBMIT REVELATION TO HUMANS

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...it is impossible for a human being... Allah to speak with him except... by sending a messenger and then it is revealed to him with His permission. ..(Ash Syuura: 42: 51) "who has an intelligent mind; and appears in the original form. (An Najm: 53: 6)*

Now the question arises,

Who is that messenger?

The answer is hidden in the secret behind the verse: *"Angels and spirits ascend to God in a day whose levels are fifty thousand years (Al Ma'aarij: 70:4)*

Well, it turns out that the messenger is an angel. Where *"...an angel...a man... (Al An'aam: 6:9)*

Why are angels used as messengers to convey revelations to humans?

Because angels master the use of particle m or angel particles. Where the particle m or the angel particle is used to convey information to Allah, and vice versa Allah conveys revelation to the angel using the particle m or this angel particle.

This m particle is so tiny it's almost non-existent, **0.000000000 000000000 000000000 000000000 000000000 000000000 000 333 591 754 209 188 9**

This m particle or angel particle has the speed of light **5 475 103 664 604.84** km per second

Where the m particle or angel particle requires a very small amount of Allah's energy **0.000000000 000000000 000000000 01** gram per cubic cm

So, because the angels have mastered the use of the m particle or this angelic particle, it is the angels who have the ability to relate directly to Allah *"who has an intelligent mind... (An Najm: 53: 6)*

With the reason that angels have the ability to use m particles or angel particles in their relationship with Allah, humans only receive directly from angels what is revealed by Allah.

HUMANS SPEAK TO ANGELS THROUGH MY SPIRIT

Well, because the angel's body is the same as human "*...angel...a man... (Al An'aam: 6:9)* , then Allah has breathed "*...my spirit...(Shaad: 38:72)* into the body of an angel.

When angels talk to humans, through translators, namely through "*...my spirit...(Shaad: 38:72)* which is in the angel's body and "*...my spirit...(Shaad: 38:72)* which exist in the human body.

Why do you have to go through the translator "*... my spirit... (Shaad: 38: 72)* when angels talk to humans?

Because what is revealed by Allah through angels to be conveyed to humans, its contents are symbols.

Now, these symbols must be interpreted by "*...my spirit...(Shaad: 38:72)* which is in the body of an angel and by "*...my spirit...(Shaad: 38:72)* which is in the human body.

Now, it has been revealed why Allah did not directly convey revelation to humans. The reason is that humans don't have the ability to use m particles or angel particles.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: "*...it is impossible for a human being... Allah to speak with him except... by sending a messenger and then it is revealed to him with His permission. ..(Ash Syuura: 42: 51)* "*who has an intelligent mind; and appears in the original form.
