ABSTRACT

Before I write down the problem, for what reason, some people take tasawuf to meet and see Allah, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret, for what reason, some humans go through tasawuf to meet and see Allah, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about for what reason, some people take tasawuf to meet and see Allah, namely the verses:

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"Allah is the light of the skies and the earth...Light upon light...(An Nuur: 24: 35)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"... Isa, the son of Maryam, is the messenger of Allah and His words which He conveyed to Mary, and a spirit from Him... (An Nisaa ': 4: 171)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"Have you not seen that Allah has subjected to you what is in the heavens and what is in the earth and has perfected for you His blessings both outwardly and inwardly. And among mankind there are those who dispute about Allah without knowledge or guidance and without an enlightening Book. (Luqman: 31:20)

And indeed We have revealed to Moses: "Go you with My servants at night, then make for them a dry road in the sea, you do not have to worry about being overtaken and do not have to be afraid." (Thaaha: 20:77)

"And when We parted the sea for you, then We saved you and We drowned you and your followers while you were watching. (Al Baqarah: 2:50)

"The people of Moses said: "We were oppressed before you came to us and after you came. Moses replied: "Hopefully Allah will destroy your enemies and make you vicegerents on earth, then Allah will see how you do (Al A'raaf: 7: 129)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

"The seven heavens, the earth and all that is in it glorify Allah. And there is nothing but glorify Him by praising Him, but you all do not understand their prayer beads. Indeed, He is Most Forbearing, Most Forgiving (Al Israa ': 17: 17). 44)

“Then He perfected and breathed into it His spirit and He made for you hearing and sight and hearts; you are very grateful. (As Sajdah: 32: 9)

In an effort to open the veil of Allah's secret about why some people go through tasawuf to meet and see Allah, I use the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I propose a hypothesis that some humans go through tasawuf to meet and see Allah because humans do not understand *"... my spirit... (Al Hijr: 15: 29)*, seen from the basic point of Deoxyribonucleic acid (DNA)

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

HUMANS DON'T UNDERSTAND MY SPIRIT, THEN WAS THE WAY OF TASAWUF

Now, we still continue to focus on revealing the secret hidden behind the verse: *"... when We parted the sea for you, then We saved you and We drowned and his followers... (Al Baqarah: 2: 50) " ...We revealed to Moses: "Go you with My servants at night, then make for them a dry road in the sea ... (Thaahaa: 20: 77)*

Apparently, here Allah describes to humans, that in a place outside the center of Pharaoh's power, there is a place for the followers of Prophet Musa to get freedom and a safe life, they are no longer *"... oppressed... (Al A' raf: 7:129)* by the ruler of Pharaoh.

Apparently, the circumstances described by Allah regarding the liberation of the Jews in Egypt, have been used as a rationale by some humans, to meet Allah.

How can there be an encounter with Allah?

Well, according to some people, the way is. through four stages, namely sharia, tarekat, hakikat, and ma'rifat. Or in other words, take a steered boat, go to a place, where in that place, you can meet Allah.

So, according to some people, who use the way of tasawuf, it is Prophet Musa as a boat driver which is called the tarekat, while the boat is considered as sharia, while the destination to one place is called hakikat, lastly, meeting God, is called ma'rifat.

Apparently, some people, who follow this Sufism route, use the path of liberation of the oppressed Jews in Egypt.

HUMANS TO MEET AND SEE ALLAH IS VERY CLOSE AND EASY

Well, even though there is the shortest and easiest way to meet and see Allah, which can be done by humans, namely the way "*... I... have blown into it my spirit... (Al Hijr: 15: 29) "...He perfected and breathed into it His spirit and He made for you hearing, sight and heart...(As Sajdah: 32: 9)"... We are closer to him than his jugular vein (Qaaf: 50: 16)*

It turns out that through a short path "*... my spirit... (Al Hijr: 15: 29)*" humans will immediately meet and see Allah.

How can it happen quickly to meet and see Allah if through the way "*... my spirit... (Al Hijr: 15: 29) ?*

The answer is

Hidden in the secret behind the verse: "*... We... know what his heart whispers... (Qaaf: 50: 16)*". That is, Allah knows what is in the mind of the human brain.

Now, because Allah knows what is in the mind of the human brain, humans do not need to look for Allah in one place, but directly search within the human body itself, namely through "*... my spirit... (Al Hijr: 15: 29)*" which Allah has "*...blowed into...(As Sajdah: 32:9)*" the human body.

So, there is no need to have to use a sharia boat with a tarekat driver to go to a place of hakikat to meet Allah, ma'rifat.

Now the question arises,

Why do some people to meet with Allah using the Shari'a, tarekat, hakikat, and ma'rifat?

The answer is,

Hidden in the secret behind the verse: "*... you all do not understand... (Al Israa ': 17: 44)*" That is, in the human body there is already a "*... my spirit... (Al Hijr: 15: 29)*" , if humans want to understand.

So, humans to meet Allah does not need to use the way of Shari'a, tarekat, hakikat, and ma'rifat.

SEE ALLAH THROUGH MY SPIRIT THAT IS IN ALLAH'S LIGHT

Also to see Allah, humans directly go through "*... my spirit... (Al Hijr: 15: 29)*" which is in "*... the light of the skys and the earth... The light above the light... (An Nuur: 24:35)*

That is, through "*Allah the light of the heavens and the earth... (An Nuur: 24: 35)*

It is not necessary for humans to have to use the path of the shari'a, tarekat, hakikat, and ma'rifat to see Allah.

Because "*...my spirit...(Al Hijr: 15: 29)*" contains a hydrogen atom, where "*Allah the light of the skys and the earth...(An Nuur: 24: 35)*" is derived from a hydrogen atom. which gives rise to light in the star or star closest to us is the sun.

So, "*... my spirit... (Al Hijr: 15: 29)*" which contains this hydrogen atom which gives birth to "*Allah the light of the heavens and the earth... Light upon light... (An Nuur: 24: 35)*" that humans can see every day.

Or in other words, humans can see Allah directly through *"... my spirit... (Al Hijr: 15: 29)* which is in *"Allah the light of the skys and the earth... (An Nuur: 24: 35)*

CONCLUSION

Based on the description above, we can conclude that the secret hidden behind the verse: *"... when We parted the sea for you, then We saved you and We drowned and his followers... (Al Baqarah: 2: 50) " ... We revealed to Moses: "Go you with My servants at night, then make for them a dry road in the sea ... (Thaahaa: 20: 77)*
