ABSTRACT

Before I write down the problem of how my spirit actually comes out of the body of the dead in the grave, I first ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret of what my spirit actually looks like that comes out of the bodies of the dead in the grave, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

There are several verses that become Allah's secret unlocking tool about what my spirit actually looks like that comes out of the bodies of the dead in the grave, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"Angels and spirits ascend to God in a day the measure of which is fifty thousand years (Al Ma'aarij: 70: 4)

"That is, for verily Allah, He is the Truth, and verily He is the One who gives life to all that dies, and verily Allah has power over all things." (Al Hajj: 22:6)

"On the day the earth will be replaced with another earth and sky, and they will all gather before

the presence of Allah, the One, the All-Mighty (Ibrahim: 14:48)

"He arranges affairs from the skys to the earth, then they ascend to Him in one day whose measure is a thousand years according to your reckoning (As Sajdah: 32: 5)

"Who has created the seven skys in layers. You never see in the creation of the Most Gracious God anything that is not balanced. So look over and over again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"And when Moses came at our appointed time and the Lord had spoken to him, Moses said: "My Lord, show me so that I can see You." The Lord said: "You will never be able to see Me, but behold. to the hill, then if it stays where it is you will surely see me." When his Lord appeared to the mountain, he made the mountain crumble and Moses fell unconscious. So when Moses regained consciousness, he said: "Glory be to you. , I repent to You and I am the first to believe." (Al A'raaf: 7: 143)

"Didn't We create you from despicable water (Al Mursalaat: 77:20)

"Then We made the essence of semen in a solid place. (Al Mu'minuun: 23:13)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"And does man not notice that We created him from a drop of water, then suddenly he becomes a real challenger (Yaasiin: 36: 77)

"And it is Allah Who has brought you to life, then caused you to die, then brought you to life, verily the human being is very much denying the favor. (Al Hajj: 22: 66)

"Those who when disaster strikes, they say: "Inna lillahi wa innaa ilaihi raaji'uun" (Indeed we belong to Allah and to Him we shall return) (Al Baqarah: 2: 156)

"... so We bring out because of the rain various kinds of fruit. That is how We raise the dead..." (Al A'raaf: 7: 57)

"Did We not make the earth gathered together, (Al Mursalaat: 77: 25) "the living and the dead (Al Mursalaat: 77: 26)

"Read your book, it is enough for yourself at this time as a remembrance against you." (Al Israa': 17: 14)

"And We remove all kinds of hatred that is in their chests; rivers flow under them and they say: "Praise be to Allah who has shown us to this. And we will never be guided if Allah does not guide us. Verily, the messengers of our Lord have come, bringing the truth." And it was called out to them: "This is Paradise which has been bequeathed to you, because of what you used to do." (Al-A'raaf: 7:43)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all enter say those who enter later among them say to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf : 7:38)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about how my spirit actually looks like that comes out of the body of the dead in the grave, I use the basis of deoxyribonucleic acid or deoxyribonucleic

acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here I hypothesize the form of my spirit that comes out of the bodies of dead people in the grave in the form of hydrogen atoms, nitrogen atoms, carbon atoms and oxygen atoms, from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

Based on deoxyribonucleic acid (DNA) humans are composed of 32.20% atoms carbon, 25.43% nitrogen atoms, 6.78% oxygen atoms and 35.59% hydrogen atoms.

WHEN MY SPIRIT COMES FROM THE BODY OF THE DEAD IN THE GRAVES

Now, we are still concentrating on uncovering the secrets contained behind the verse: *"...the earth gathers (Al Mursalaat: 77: 25) ...the dead (Al Mursalaat: 77: 26) "...We bring out because of the rain various kinds of fruit. That is how We raise up those who have died..." (Al A'raaf: 7: 57)*

Apparently, here Allah has described to us clearly and clearly, that when *"...my spirit...(Shaad: 38:72)* comes out of the bodies of the dead in the graves in the form of hydrogen atoms, carbon atoms, nitrogen atoms and oxygen, symbolized by Allah *"... We bring out because of the rain various kinds of fruit. That is how We raise up those who have died..." (Al A'raaf: 7: 57)*

Now, rain water, is a combination of hydrogen atoms and oxygen atoms, with the arrival of hydrogen atoms and oxygen atoms to the earth, then fruit comes out, *"...Like... resurrecting people who have died,..." (Al A'raaf: 7:57)*

Now, when hydrogen atoms, carbon atoms, nitrogen atoms and oxygen atoms which are *"...my*

spirit...(Shaad: 38:72) come out of the body of a dead person in the grave, this state Allah describes as being expelled". *.various kinds of fruit...In this way We raise up those who have died,..." (Al A'raaf: 7: 57)*

MY SPIRIT COMES FROM WITHIN THE BODY OF DEATH IN THE GRAVE IN THE FORM OF HYDROGEN ATOMS, CARBON ATOMS, NITROGEN ATOMS AND OXYGEN ATOMS

Well, 70 000000000 000000000 000000000 atoms that are in a dead person's body come out after 30 days in the grave.

Now, which atoms are *"...my spirit...(Shaad : 38: 72)* Because carbon atoms and oxygen atoms form carbon dioxide or carbon dioxide. Then this carbonic acid is absorbed by plants and converted into oxygen and glucose through the process of photosynthesis with the help of sunlight, water and chloroplasts. Chloroplasts are found in the green parts of plants. Where glucose is used as food by plants while oxygen is used for food through the respiratory process by humans and animals.

Some hydrogen atoms and nitrogen atoms rise to the atmosphere, some gather around the grave.

Thus, some oxygen atoms are inhaled by humans and animals, some carbon atoms become glucose as plant food, some hydrogen atoms and nitrogen atoms rise to the atmosphere.

Now, there are some hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms which are *"...my spirit...(Shaad : 38: 72)*

HOW ALLAH TALKED TO MY SPIRIT IN THE FORM OF ATOMS

Well, because hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms have a certain frequency vibration. By using the frequency vibrations that come out of the hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms, Allah is speaking with these atoms.

The hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms that become *"... my spirit...(Shaad: 38: 72)* are those who gathered and faced Allah, were told to read the book *"Read your book, it is enough for yourself at this time as a blasphemy against you."* (Al Israa ': 17: 14)

If *"...my spirit...(Shaad: 38:72)* after reckoning himself by reading the book, it is decided by Allah to enter paradise, then *"...my spirit...(Shaad: 38:72)* which is the the building of hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms enter paradise" *And it is called out to them: "That is paradise which is bequeathed to you, because of what you used to do."* (Al A'raaf: 7: 43)

Likewise if *"... my spirit... (Shaad: 38: 72)* after reckoning himself by reading the book, it is decided by Allah to go to hell, then *"... my spirit...(Shaad: 38: 72)* which is the building of hydrogen atoms, nitrogen atoms, oxygen atoms and carbon atoms into hell *"Allah says: "Enter all of you into hell with the jinn and humans who have gone before you ..."* (Al A'raaf: 7:38)

Well, now *"...my spirit...(Shaad : 38:72)* who live happily in paradise and *"...my spirit...(Shaad : 38:72)* who live miserably in hell will live to a certain age. 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years.

After that, paradise, hell, *"...my spirit...(Shaad: 38:72)* and *"...seven layers of skys...(Al Mulk: 67:3)* will disappear and turn into the energy of Allah , and return to Allah.

Allah - the energy of Allah - Allah.

CONCLUSION

Based on the description above, we can conclude that the secrets contained behind the verse: *"...the earth gathers (Al Mursalaat: 77: 25) ...the dead (Al Mursalaat: 77: 26) "...We bring out because of the rain various kinds of fruit. That is how We raise up those who have died..." (Al A'raaf: 7: 57)*
