ABSTRACT

Before I write down the problem of humans facing the Kaaba, wherever they are, it is a symbol of the creation of the skys and the earth, where the earth and other planets surrounding the sun, first I ask forgiveness from Allah SWT. Here I try to open the veil that covers the secret about humans facing the Kaaba, wherever it is, which is a symbol of the creation of the skys and the earth, where the earth and other planets surrounding the sun, from the point of view of the molecular structure of nucleic acid or deoxyribonucleic acid (DNA). .

There are several verses that become Allah's secret unlocking tool about humans facing the Kaaba, wherever they are, which are symbols of the creation of the skys and the earth, where the earth and other planets surrounding the sun, namely the following verses:

"Allah... the light of the skys and the earth... the light upon the light... (An Nuur: 24: 35)

"So when I have perfected the event and have breathed into it my spirit; then you should fall down prostrating to him." (Shaad: 38: 72)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and heart; you are very little grateful. (As Sajdah: 32: 9)

"And if We made the apostle an angel, We would certainly have made him a man and, of course We would have doubted about them what they doubted about themselves (Al An'aam: 6:9)

"And it is not possible for any human being that Allah can speak with him except by means of revelation or behind a veil or by sending a messenger and then it is revealed to him with His permission what He wills. Verily, He is Most High, Most Wise. (Ash Shuura: 42: 51)

"And when My servants ask you about Me, then, that I am near. I grant the supplication of those who pray when they ask Me, then let them fulfill (all My commands) and let them believe in - Me, that they may always be in the truth.(Al Baqarah: 2:186)

"Those who remember Allah while standing or sitting or lying down and they think about the creation of the heavens and the earth: "Our Lord, You did not create this in vain, Glory be to You, so protect us from the torment of Hell. (Ali 'Imran: 3:191)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"Allah did not create and resurrect you except as one soul. Indeed, Allah is All-Hearing, All-Seeing. (Luqman: 31: 28)

"And We made a wall before them and behind them a wall, and We covered them so that they could not see." (Yaasiin: 36:9)

"And among His signs is that you see the earth dry and arid, so when We send down water on it, it will surely move and thrive. Indeed, God Who gives life to it, surely can bring back the dead... (Fushshilat: 41: 39)

"Allah holds the soul when it dies and the soul that has not died in its sleep; so He holds the soul which He has appointed death and He releases another soul until the appointed time. Verily in that are signs of Allah's power for a people who think (Az Zumar : 39: 42)

"It is He Who created the skys and the earth in six days: Then He resides on the Throne. He knows what enters the earth and what comes out of it and what descends from the heavens and what ascends to Him. And He is with you in wherever you are. And Allah is All-Seeing of what you do. (Al Hadid: 57:4)

"And verily We have created man from an essence from clay. (Al Mu'minuun: 23:12)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven heavens. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"Who has created the seven skys in layers. You do not see in the creation of the Most Gracious God anything that is not balanced. So look again and again, do you see anything that is not balanced? (Al Mulk: 67: 3)

"Then let them remove the dirt that is on their bodies and let them complete their vows and let them perform tawaf around the old house (Baitullah). (Al Hajj: 22: 29)

"And to Allah belongs the east and the west, so wherever you turn there is the face of Allah. Verily Allah is All-Encompassing, All-Knowing. (Al Baqarah: 2:115)

"It is He who makes the night into the day and the day into the night. And He is All-Knowing of all the hearts. (Al Hadid: 57: 6)

"God who preserves the two places where the sun rises and God who preserves the two places where it sets." (Ar Rahman: 55:17)

"Indeed We see your face looking up to the sky, then We will turn you to the Qibla that you like. Turn your face towards the Grand Mosque. And wherever you are, turn your face towards it. And indeed those who were given the Book do know , that turning to the Grand Mosque is true from their Lord, and Allah is never unaware of what they do.(Al Baqarah: 2:144)

"And verily We have created man and know what his heart whispers, and We are nearer to him than his jugular vein." (Qaf: 50:16)

In an effort to open the veil of Allah's secret about humans facing the Kaaba, wherever they are, which is a symbol of the creation of the skys and the earth, where the earth and other planets surrounding the sun, the author uses the basis of deoxyribonucleic acid or deoxyribonucleic acid or the molecular structure of nucleic acids.

HYPOTHESIS

Here the author proposes a hypothesis that humans facing the Kaaba, wherever they are, is a symbol of the earth and other planets surrounding the sun, seen from the point of view of Deoxyribonucleic acid (DNA).

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that forms a double helix and contains polynucleotide macromolecules that are arranged repeatedly from nucleotide polymers. This nucleotide consists of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine (A), Cytosine (C) and Thymine (T).

Guanine (G) consists of 5 carbon atoms, 5 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytosine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. A 5-carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

THE KAABA IS A SYMBOL OF THE CREATION OF THE SKY AND EARTH, WHERE THE SUN IS SURROUNDED BY THE EARTH AND OTHER PLANETS

Now, we are still concentrating on uncovering the secrets contained behind the verse: “...*Turn your face towards the Grand Mosque. And wherever you are, turn your face towards it... (Al Baqarah: 2: 144)*” “... *to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2:) 115)*”

It turns out that here Allah has declared to humans that “... *the face of Allah... (Al Baqarah: 2: 115)* is where” “... *to Allah belongs the east and the west... (Al Baqarah: 2: 115)*”

The meaning here is, Allah through “...*my spirit...(Shaad: 38:72)*” exists in the universe and its contents are included in the human body.

So, what is actually meant by Allah, humans everywhere must turn their faces towards the Kaaba in the Grand Mosque, as a symbol of Allah “...*created the skys and the earth... (Al Hadiid: 57: 4)*”

Where the earth and other planets revolve around the sun.

Now, when humans are told to turn their faces towards the Kaaba in the Grand Mosque, wherever they are, it illustrates that when Allah “...*created the heavens and the earth... (Al Hadiid: 57:4)*” the sun and the earth were formed. and other planets. Where the earth and other planets surrounding the sun. Earth and other planets always face the sun while surrounding the sun.

So, humans facing the Kaaba in the Grand Mosque is a symbol to understand and realize about the creation of “...*the skys and the earth... (Al Hadiid: 57:4)*” Where the earth and other planets face the sun.

Well, if humans understand and realize about the creation of “...*skys and earth...(Al Hadiid: 57:4)*”, then actually “...*east and west...(Al Baqarah: 2: 115)*”. ..*belongs to Allah ... (Al Baqarah: 2: 115)*”

Wherever humans turn their faces, then there is *"... the face of Allah ... (Al Baqarah: 2: 115)*

So, now it has been revealed, that actually the secret that is hidden behind the verse: *"... Turn your face towards the Grand Mosque... wherever you are, turn your face towards it... (Al Baqarah: 2: 144)* is a symbol of creation *"... the skys and the earth... (Al Hadiid: 57: 4)* where the earth and the other planets face and revolve around the sun.

CONCLUSION

The conclusions that can be drawn from the explanation above are the secrets contained behind the verse: *"...Turn your face towards the Grand Mosque. And wherever you are, turn your face towards it... (Al Baqarah: 2: 144) "... to Allah belongs the east and the west, so wherever you turn there is the face of Allah... (Al Baqarah: 2:) 115)*

It turns out that here Allah has declared to humans that *"... the face of Allah... (Al Baqarah: 2: 115)* is where *"... to Allah belongs the east and the west... (Al Baqarah: 2: 115)*

The meaning here is, Allah through *"...my spirit...(Shaad: 38:72)* exists in the universe and its contents are included in the human body.

So, what is actually meant by Allah, humans everywhere must turn their faces towards the Kaaba in the Grand Mosque, as a symbol of Allah *"...created the skys and the earth... (Al Hadiid: 57: 4)*

Where the earth and other planets revolve around the sun.

Now, when humans are told to turn their faces towards the Kaaba in the Grand Mosque, wherever they are, it illustrates that when Allah *"...created the heavens and the earth... (Al Hadiid: 57:4)* the sun and the earth were formed. and other planets. Where the earth and other planets surrounding the sun. Earth and other planets always face the sun while surrounding the sun.

So, humans facing the Kaaba in the Grand Mosque is a symbol to understand and realize about the creation of *"...the skys and the earth... (Al Hadiid: 57:4)* Where the earth and other planets face the sun.

Well, if humans understand and realize about the creation of *"...skys and earth...(Al Hadiid: 57:4)* , then actually *"...east and west...(Al Baqarah: 2: 115)". ..belongs to Allah ... (Al Baqarah: 2: 115)* Wherever humans turn their faces, then there is *"... the face of Allah ... (Al Baqarah: 2: 115)*

So, now it has been revealed, that actually the secret that is hidden behind the verse: *"... Turn your face towards the Grand Mosque... wherever you are, turn your face towards it... (Al Baqarah: 2: 144)* is a symbol of creation *"... the skys and the earth... (Al Hadiid: 57: 4)* where the earth and the other planets face and revolve around the sun.
