ABSTRACT

First of all, by asking forgiveness from Allah SWT here I try to reveal the signs of Allah SWT regarding the secrets of, paradise, hell, all residents and all their contents will be lost, only Allah alone, seen from the point of view of photons, quarks and the molecular structure of nucleic acids or nucleic acids. deoxyribonucleic acid (DNA)

The signs of Allah's greatness regarding, paradise, hell, all inhabitants and all their contents will be lost, only Allah alone, is found in several verses, namely:

"And give good tidings to those who believe and do good, that for them there are provided gardens with rivers flowing in them. Every time they are given sustenance of fruit in those paradises, they say: "This is what was given to them. us first." They are given similar fruits and for them are pure wives and they will abide therein (Al Baqarah: 2:25)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hijr: 15: 29)

"Allah promises the believers, male and female, paradise under which rivers flow, they will abide therein, there are good places in paradise 'Adn. And Allah's pleasure is greater; that is great fortune. (At Taubah: 9:72)

Allah said: "Enter all of you into hell with the jinn and humans who went before you. Every time a people enter, he curses his friend; so that when they all entered, those who entered later among them said to those who entered earlier: "Our Lord, they have led us astray, so bring upon them a double torment from hell." Allah said: "Each one gets a double, but you do not know." (Al A'raaf: 7:38)

"The angels and the spirit (Gabriel) ascend to God in a day whose levels are fifty thousand years Al Ma'aarij (70:4)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"And We created the jinn before from a very hot fire (Al Hijr: 15: 27)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And they do not glorify Allah with proper exaltation, even though the whole earth is in His hands on the Day of Resurrection and the heavens are rolled up with His right hand. Glory be to God and exalted is He above what they associate. (Az Zumar: 39: 67) Indeed, the Day of Judgment will surely come, there is no doubt about it, but most people do not believe (Al Mu'min: 40: 59)

In an effort to open the veil of Allah's greatness regarding, paradise, hell, all residents and all their contents will be lost, only Allah alone, I use the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here I put forward the hypothesis, paradise, hell, all residents and all that is in them will be lost, because the nuclear power that holds the quarks in the atom, is lost. Judging from the photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA)?

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we consider one of the hydrogen atoms that is the building block of the human body, animals, plants and fruits and inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms, 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

PARADISE, HELL AND ALL CONTENTS ARE HYDROGEN ATOM, CARBON ATOM, OXYGEN ATOM AND NITROGEN ATOM

Now, we are still focused on uncovering the secret hidden behind the verse: *"And give good news to those who believe and do good, that for them are provided paradises with rivers flowing in them. Each of them is given sustenance of fruits. fruit in the heavens* (Al Baqarah: 2: 25)

Apparently, in heaven there are *"...flowing rivers in it...(Al Baqarah: 2:25) "...fruits...(Al Baqarah: 2:25)*

The river and its water, the fruit, are all composed of hydrogen atoms, oxygen atoms and carbon atoms.

Likewise if we dig up the secret behind the verse: *"Allah says: "Enter all of you into hell with the jinn and humans who have gone before you..." (Al A'raaf: 7: 38)*

Apparently, in hell too, the fuel is *"...jinn and humans...(Al A'raaf: 7:38)*

Meanwhile, the human body contains hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Likewise, the Jinn's body contains hydrogen atoms and oxygen atoms. *"And We created the jinn before from a very hot fire (Al Hijr: 15: 27)* which in the fire contains hydrogen atoms and oxygen atoms.

Now, it is revealed that, paradise and its contents, hell and its contents, are all constructed of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

HYDROGEN ATOM, CARBON ATOM, OXYGEN ATOM AND NITROGEN ATOM WILL BE LOST

Now, whatever, there is in this universe, which is all made up of hydrogen atoms, carbon atoms, oxygen atoms, helium atoms, nitrogen atoms and neon atoms, then these atoms will be lost, because of the nuclear force holding back the quarks. which is in the nucleus of the proton, disappears.

Likewise *"... my spirit... (Al Hijr: 15: 29)* which is built by hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms will be lost, what remains is only quarks, which are the nucleus of all the atoms that exist. exist in this universe.

PARADISE, HELL AND ALL THE RESIDENTS AND ITS CONTENTS WILL BE GONE, LEFT ALLAH ALONE

Now, let's unveil the secret behind the verse: *"He is the First and the Last, the Outer and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57:3)*

It turns out that now it has been revealed, the secret contained behind the verse *"He is the First and the Last ... (Al Hadiid: 57: 3)* and *"... The Outer and the Inner ... (Al Hadiid: 57: 3)*

Where after 10 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000 years from now, the atoms in the universe are gone, because the nuclear power that binds the quarks in the atoms is gone.

What remains are quarks, where these quarks are the nucleus of the atom. This quark is what remains.

Quarks which are the core of atoms, atoms build everything in this universe, including humans, where humans can be seen by eye, called *"... The Outer ... (Al Hadiid: 57: 3)* , while quarks itself cannot be seen by the human eye, it is called *"... the Inner One... (Al Hadiid: 57: 3)*

Or in other words, origin from Allah, return to Allah.

CONCLUSION

From what has been described above we can now conclude that the secret hidden behind the verse: *"And give good news to those who believe and do good, that for them are provided paradises with rivers flowing in them. Each of them is given sustenance of fruits. fruit in the heavens (Al Baqarah: 2: 25)*

Apparently, in heaven there are *"...flowing rivers in it...(Al Baqarah: 2:25) "...fruits...(Al Baqarah: 2:25)*

The river and its water, the fruit, are all composed of hydrogen atoms, oxygen atoms and carbon atoms.

Likewise if we dig up the secret behind the verse: *"Allah says: "Enter all of you into hell with the jinn*

and humans who have gone before you... (Al A'raaf: 7: 38)

Apparently, in hell too, the fuel is *"...jinn and humans...(Al A'raaf: 7:38)*

Meanwhile, the human body contains hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Likewise, the Jinn's body contains hydrogen atoms and oxygen atoms. *"And We created the jinn before from a very hot fire (Al Hijr: 15: 27)* which in the fire contains hydrogen atoms and oxygen atoms.

Now, it is revealed that, paradise and its contents, hell and its contents, are all constructed of hydrogen atoms, oxygen atoms, carbon atoms and nitrogen atoms.

Now, whatever, there is in this universe, which is all made up of hydrogen atoms, carbon atoms, oxygen atoms, helium atoms, nitrogen atoms and neon atoms, then these atoms will be lost, because of the nuclear force holding back the quarks. which is in the nucleus of the proton, disappears.

Likewise *"... my spirit... (Al Hijr: 15: 29)* which is built by hydrogen atoms, carbon atoms, oxygen atoms and nitrogen atoms will be lost, what remains is only quarks, which are the nucleus of all the atoms that exist. exist in this universe.

Now, let's unveil the secret behind the verse: *"He is the First and the Last, the Outer and the Inner; and He is All-Knowing of all things. (Al Hadiid: 57:3)*

It turns out that now it has been revealed, the secret contained behind the verse *"He is the First and the Last ... (Al Hadiid: 57: 3)* and *"... The Outer and the Inner ... (Al Hadiid: 57: 3)*

Where after 10 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 000000000 years from now, the atoms in the universe are gone, because the nuclear power that binds the quarks in the atoms is gone.

What remains are quarks, where these quarks are the nucleus of the atom. This quark is what remains.

Quarks which are the core of atoms, atoms build everything in this universe, including humans, where humans can be seen by eye, called *"... The Outer ... (Al Hadiid: 57: 3)* , while quarks itself cannot be seen by the human eye, it is called *"... the Inner One... (Al Hadiid: 57: 3)*

Or in other words, origin from Allah, return to Allah.
