ABSTRACT

First of all, by asking Allah's forgiveness, here the author tries to reveal the signs of Allah's greatness regarding the beginning Allah, but what really happened, before Allah existed, based on the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

The signs of Allah's greatness regarding the beginning Allah, but what was really there, before Allah existed, namely the verses:

"Allah, there is no god but He Who Lives eternally and continuously takes care of; neither sleeps nor sleeps. To Him belongs what is in the heavens and the earth. No one can intercede with Allah without His permission? Allah knows what is in front of them and behind them, and they know nothing of Allah's knowledge except what He wills. Allah's seat covers the skys and the earth. And Allah does not find it difficult to maintain them, and Allah is Most High, Most Merciful. Great.(Al Baqarah: 2:255)

"He is Allah, Who created all that is on earth for you and He willed the heavens, then He made the seven heavens. And He is All-Knowing of all things. (Al Baqarah: 2:29)

"So when I have perfected the event, and have breathed into it my spirit, then submit to it prostrating yourself (Al Hjr: 15: 29)

"Angels and spirits ascend to God in a day the measure of which is fifty thousand years Al Ma'aarij (70:4)

"Then He perfected and breathed into it His spirit and He made for you hearing, sight and hearts; you are very little grateful. (As Sajdah: 32: 9)

"He is the First and the Last, the Outward and the Inward; and He is All-Knowing of all things. (Al Hadid: 57:3)

"And they do not glorify Allah with proper exaltation, even though the whole earth is in His hands on the Day of Resurrection and the heavens are rolled up with His right hand. Glory be to God and exalted is He from what they associate. (Az Zumar: 39: 67)

"Indeed, the Day of Resurrection will surely come, there is no doubt about it, but most people do not believe. (Al Mu'min: 40: 59)

In an effort to unmask the greatness of Allah SWT regarding the beginning Allah, but what really happened, before Allah existed, the author uses the basis of photons, quarks and the molecular structure of nucleic acid or deoxyribonucleic acid (DNA).

HYPOTHESIS

Here the author proposes the hypothesis of the beginning Allah, there is nothing that can be compared to the seven skys, before Allah existed, based on deoxyribonucleic acid (DNA)

PHOTON

Photons are elementary particles of the boson type and carriers of electromagnetic interactions.

QUARK

If we want to know quarks, then we look at one of the hydrogen atoms that are the building blocks of the human body, animals, plants and fruits as well as inanimate objects. Then we open the body of the hydrogen atom, we will find one electron and one proton nucleus. Then if this proton is split, then we will find two up quarks and one down quark. Where these three quarks are combined with gluons.

DEOXYRIBONUCLEIC ACID (DNA)

DNA is a repository of genetic information that has a double structure that form a double helix and which contains polynucleotide macromolecules arranged in repeatedly from nucleotide polymers. This nucleotide is composed of folate, a 5-carbon sugar and one of the nitrogenous bases. The nitrogenous bases are Guanine (G), Adenine(A), Cytocine(C) and Thymine (T).

Guanine (G) is composed of 5 carbon atoms, 5 nitrogen atoms, 1 atom oxygen and 5 hydrogen atoms. Adenine(A) has 5 carbon atoms, 5 nitrogen atoms and 5 hydrogen atoms. Cytocine (C) contains 4 carbon atoms, 3 nitrogen atoms, 1 oxygen atom and 5 hydrogen atoms. Thymine (T) contains 5 carbon atoms. 2 nitrogen atoms, 2 oxygen atoms and 6 hydrogen atoms. Folate contains 1 phosphorus atom, 4 oxygen atoms and 2 hydrogen atoms. The 5 carbon sugar has 5 carbon atoms, 2 oxygen atoms and 8 hydrogen atoms.

WHAT WAS THERE, BEFORE ALLAH CREATED THE SEVEN SKYS

Now, we are still concentrating on uncovering the secret behind the verse: *"He is the First...(Al Hadiid: 57:3)"...He...blows into it His spirit...(As Sajdah: 32:9) "...He willed the skys, then He made seven skys...(Al Baqarah: 2:29)*

It turns out that here Allah has declared *"The Beginning Allah ... (Al Hadiid: 57: 3)" ... He willed the skys, then He made seven skys... (Al Baqarah: 2: 29)*

Now the question is

Was there anything, before Allah existed?

Well, the answer is hidden in the secret behind the verse: *"... He willed the sky, then He made seven skys... (Al Baqarah: 2: 29)*

The meaning here is, what is in Allah's form is in the seven skys and all that is in them.

What is in Allah's form is Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)* As for *"...Allah's spirit...(As Sajdah: 32:9)* built with atoms hydrogen, carbon, nitrogen and oxygen atoms.

So something that existed before Allah exists or something that existed before there was *"...Allah's spirit...(As Sajdah: 32:9)* is something that cannot be compared with Allah.

Or in other words, something that cannot be compared with Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)*

Because something that cannot be compared with Allah, or with Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)*, then that something is something that does not exist.

So, because something is something that doesn't exist, then it becomes *"He is the First... (Al Hadiid: 57: 3)*

CONCLUSION

From what has been described above we can now conclude that the secret behind the verse: *"He is the First...(Al Hadiid: 57:3)"...He...blows into it His spirit...(As Sajdah: 32:9) "...He willed the skys, then He made seven skys...(Al Baqarah: 2:29)*

It turns out that here Allah has declared *"The Beginning Allah ... (Al Hadiid: 57: 3)" ... He willed the skys, then He made seven skys... (Al Baqarah: 2: 29)*

Now the question is

Was there anything, before Allah existed?

Well, the answer is hidden in the secret behind the verse: *"... He willed the sky, then He made seven skys... (Al Baqarah: 2: 29)*

The meaning here is, what is in Allah's form is in the seven skys and all that is in them.

What is in Allah's form is Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)* As for *"...Allah's spirit...(As Sajdah: 32:9)* built with atoms hydrogen, carbon, nitrogen and oxygen atoms.

So something that existed before Allah exists or something that existed before there was *"...Allah's spirit...(As Sajdah: 32:9)* is something that cannot be compared with Allah.

Or in other words, something that cannot be compared with Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)*

Because something that cannot be compared with Allah, or with Allah's energy, Allah's particles and *"...Allah's spirit...(As Sajdah: 32:9)*, then that something is something that does not exist.

So, because something is something that doesn't exist, then it becomes *"He is the First... (Al Hadiid: 57: 3)*
